95	Randolph Avenue, Quincy Line
96	Randolph Avenue and Highland Street

Special Signals for Fires in the Blue Hills Reserv'n.

*Special Signals.

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down **ONCE** and let go. Remain at Box until arrival of Firemen and direct them to the Fire.

Signals

1	One blow, 7.30 A.M., 12 M., 5.45 P.M. Fire Alarm Tests.
1-1	Two blows, Recall.
-1-1	Three blows followed by four rounds of box number, general alarm.

Signal for No School

The signal 2-2 sounded four times on the fire alarm at

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no school sessions for all schools below the Junior High School for the entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High School — this signal will not be sounded if the 7.15 or the 7.30 signal has been sounded.

The 7.15 signal will rarely be sounded as it includes the closing of the High and Junior High Schools.

If the 7.15 signal is given, the 7.30 signal will be unnecessary.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

BOARD OF FIRE ENGINEERS

J. HARRY HOLMES, *Chief*
F. ELLIOT CABOT
HOWARD S. PATTERSON, *Clerk*

Emergency calls for Fire Department should be "Milton Fire Department — Emergency"

Annual Report

1925

Boston
Wright & Potter Printing Company
32 Derne Street
1926

REPORT OF TOWN ACCOUNTANT

To the Honorable Board of Selectmen.

In accordance with the Revised By-Laws of the Town of Milton, and General Laws, sections 55 to 61 inclusive, the books and accounts of all officers and committees intrusted with the expenditures of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1925, have been examined and found correct.

Respectfully submitted,

JOSEPH H. DUFFY,
Town Accountant.

MILTON, MASS., December 31, 1925.

PRESCOTT SKINNER, Granite Avenue, *Inspector.*
CHARLES F. THOMPSON, Brackett Street, *Inspector.*

REVISED BY-LAWS

Town of Milton, March 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902

The amendments to Chapters 2, 3, 4, 7, 8, and 10, adopted by the Town March 2, 1914, March 13 and September 1, 1915, March 11, 1922, March 14, 1925, were approved by the Attorney-General, December 10, 1914, May 8 and September 22, 1915, April 6 and July 19, 1922, March 26, 1925.

Chapters 12 and 13, adopted by the Town July 10, 1922, were approved July 11 and 21, 1922

CHAPTER 1

General Provisions

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

Sect. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows: —

The word *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Sect. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

Sect. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Sect. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

Sect. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

Sect. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

Town Meetings

Section 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

Sect. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Sect. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Sect. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

Sect. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the House called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator; provided, however, that if prior to the opening of the Town Meeting or adjourned Town Meeting at which any specific Article is considered, twenty-five citizens shall in writing have requested the Moderator to submit any question arising under such Article to vote by ballots in case the decision of the Moderator upon voice vote being taken is doubted, then in such case, if the decision of the Moderator is so doubted or a division of the House called for, vote upon any such question shall be taken by ballots indicating the affirmative or negative, which shall be distributed, collected and counted by the tellers and a report of the count made to the Moderator.

Sect. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

Sect. 7. When a question is before the meeting, the following motions, viz.: —

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

Sect. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

The Warrant Committee

Section 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

Sect. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

Sect. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

The Town's Finances and Property

Section 1. The financial year shall begin with the first day of March.

Sect. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

Sect. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

Sect. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part I, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

Sect. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

Sect. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

Sect. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

Sect. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

Sect. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

Sect. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

Sect. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

Sect. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

Sect. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

Sect. 14. Three Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5

The Cemetery

Section 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

Sect. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Sect. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

Sect. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Sect. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Sect. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Sect. 7. There shall be no structure or inscription placed in, upon or around any

lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Sect. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

Sect. 9. The following regulations shall be posted within the Cemetery: —

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

Police Regulations

Section 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

Sect. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

Sect. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

Sect. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

Sect. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

Sect. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 8. Three or more persons shall not continue to stand or remain in a group,

or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

Sect. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

Sect. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

Sect. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

Sect. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

Sect. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

Sect. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

Sect. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or dis-

charged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

Sect. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

Sect. 22. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

Sect. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

Sect. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

Sect. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

Sect. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

Sect. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

Sect. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

Prosecutions and Penalties.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

The Construction and Inspection of Buildings

Section 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act", for all matters concerning the construction, equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

Sect. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

Sect. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

Sect. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

Permits

Sect. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

Sect. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

Sect. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

Sect. 8. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

Sect. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

Construction

Sect. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

Sect. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

Sect. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

Sect. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

Sect. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

Sect. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

Sect. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

Sect. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height.	Foundations.	Basement.	Stories.					
			1	2	3	4	5	6
1 story . .	16	12	8					
2 stories . .	16	12	12	8				
3 stories . .	20	16	12	12	8			
4 stories . .	20	16	16	12	12	8		
5 stories . .	20	16	16	16	12	12	8	
6 stories . .	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

Sect. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

Sect. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

Sect. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

Sect. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

Sect. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

Sect. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

Sect. 23A. All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

Sect. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

Sect. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

Sect. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

Sect. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel of three (3) inches in their depth.

Sect. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

Sect. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

Sect. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the Inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressures shall not exceed: on sandstone, thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1,200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine, Oak and Locust.	Other Woods.
Direct tension on compression or fiber stress . .	1,500	1,000
Direct compression side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3,000) pounds per square inch. The maximum compression in short pieces or compressive fiber stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 pounds per square inch; compression in columns, 13,000 pounds per square inch.

Columns may be used with a ratio of length (1) to least radius of gyration (r) not exceeding 16, 1 being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for 1/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of 1 to r.

Shear in rivets, 10,000 pounds per square inch; shear in rough bolts, 9,000 pounds

per square inch; shear in web (stiffened), 8,000 pounds per square inch; bearing on rivets, 18,000 pounds per square inch; bearing on rough bolts, 15,000 pounds per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

Sect. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry, and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

Sect. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

Sect. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

Sect. 36A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

Sect. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

Sect. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

Sect. 38A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

Electric Wiring and Fixtures

Sect. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and

shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

Gas Fixtures

Sect. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

Sect. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

Sect. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half (½) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

Regulations Made by the Fire Engineers According to the Provisions of Chapter 32, Section 46, of the Revised Laws in Regard to Chimneys, Flues, Fireplaces and Heating Pipes

Sect. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

Sect. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork nor less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

Sect. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen

(18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

Sect. 46. No chimney shall be supported by, started or built upon any woodwork.

In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired and made safe, or taken down.

Sect. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

The Regulation and Inspection of Plumbing

Section 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

Sect. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

Sect. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

Sect. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

Sect. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set. After all the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable pressure test. All such tests shall be made in the presence of the Inspector.

Sect. 6. The drainage and waste piping of every building shall be connected with

the public sewer when such sewer is located in a street, way or other land adjacent to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

Sect. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints, but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a half (1½) inches inside diameter. No waste pipe shall be less than one and a quarter (1¼) inches inside diameter.

Sect. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventilation pipes on the outside of any building shall be less than two (2) inches inside diameter.

Sect. 9. All joints in iron drain pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

Sect. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe and connected with the waste pipe at a point not lower than the seal of the trap in such manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

Sect. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

Sect. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter (1¼) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

Sect. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

Sect. 14. No water-closet shall be enclosed with any woodwork.

Sect. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

Sect. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half (½) inch.

Sect. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one hundred (100) dollars for each offence, to be paid into the treasury of the Town of Milton.

Sect. 18. Upon the approval of Chapters 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

Street Railways

Section 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz.: —

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

Sect. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

Town Ways

Section 1. Every way that shall be laid out for the acceptance of the Town as a Town way shall be not less than thirty feet in width.

Sect. 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

Sect. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

CHAPTER 11

Billboards

Section 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupæ, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

CHAPTER 12

Use of Buildings

Section 1. *Districts.* — A residence district is hereby created in the Town of Milton, to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

District B. — Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant

therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

District C. — Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running northerly along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

Sect. 2. *Zoning Map.* — (*a*) The Zoning Map prepared by C. Frederick Joy, Jr., Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(*b*) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

Sect. 3. *Residence Purposes.* — In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purposes except one or more of the following:

(*a*) A dwelling for one or more families.

(*b*) A hotel or a lodging or boarding house.

(*c*) A club other than a club the chief activity of which is a service customarily carried on as a business.

(*d*) A church, school or academy.

(*e*) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.

(*f*) A railroad passenger station.

(*g*) A farm, truck garden, nursery or greenhouse.

(*h*) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(*i*) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Selectmen shall determine, the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 4. *Existing Buildings.* — Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

SECT. 5. *Incidental Use of Residential Buildings.* — Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

SECT. 6. *Enforcement.* — Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

SECT. 7. *Validity.* — The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

SECT. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

SECT. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

CHAPTER 13

PLANNING BOARD

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members of such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any official or officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

March 19, 1866. *Voted,* To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1898, Chapter 496, Section 36.)

March 2, 1874. *Voted,* To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

March 4, 1878. *Voted,* To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

March 3, 1879. *Voted,* To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

December 8, 1879. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

March 5, 1883. *Voted,* To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

March 7, 1881. *Voted,* To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

March 3, 1890. *Voted,* To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments, and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

February 12, 1891. *Voted,* To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

March 2, 1891. *Voted,* To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

February 3, 1894. *Voted,* That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

November 28, 1894. *Voted,* To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

March 4, 1895. *Voted,* That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

March 4, 1895. *Voted,* To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

March 1, 1897. *Voted,* To accept the provisions of Chapter 101 of the Public Statutes, relative to the suppression of common nuisances. (General Laws, Chapter 139.)

March 7, 1898. *Voted,* To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

March 5, 1900. *Voted,* To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

1988510

March 3, 1902. *Voted,* To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

July 14, 1902. *Voted,* To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

August 16, 1902. *Voted,* To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of towns over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

March 2, 1903. *Voted,* To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

March 2, 1903. *Voted,* To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

March 7, 1904. *Voted,* To accept the provisions of Section 70 of Chapter 75 of the Revised Laws, relative to privy vaults. (General Laws, Chapter 111, Section 126.)

March 6, 1905. *Voted,* To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

July 21, 1905. *Voted,* To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

March 1, 1909. *Voted,* To accept the provisions of Chapter 476 of the Acts of 1908, relative to vacations for members of the Police Department. (General Laws, Chapter 92, Section 62, and Chapter 147, Sections 14 and 17.)

March 8, 1910. *Voted,* To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks. (General Laws, Chapter 83, Section 25.)

March 6, 1911. *Voted,* To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderators. (General Laws, Chapter 41, Section 1.)

March 6, 1911. *Voted,* To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the election of four constables. (General Laws, Chapter 41, Section 1.)

November 7, 1911. *Voted,* To accept the provisions of Chapter 634 of the Acts of 1911, relative to the establishment by counties of the retirement system for employees. (General Laws, Chapter 32.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 146 of the Acts of 1911, relative to the establishment of an Art Commission. (General Laws, Chapter 41, Sections 82 to 84.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of Civil Service Act to Chiefs of Police. (General Laws, Chapter 31, Section 49.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 314 of the Acts of 1911, relative to the expending of money by the School Committee for the supervision of sports. (General Laws, Chapter 71, Section 47.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes. (General Laws, Chapter 71, Section 71.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Pelice and Fire Departments. (General Laws, Chapter 32, Section 85.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 498 of the Acts of 1908, relative to the pension funds for teachers in the public schools. (General Laws, Chapter 32, Section 42.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 635 of the Acts of 1912, relative to tenement house regulation. (General Laws, Chapter 145.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 191 of the Acts of 1907, relative to the establishment of a Board of Survey. (General Laws, Chapter 41, Sections 73 to 81.)

November 4, 1913. *Voted,* To accept the provisions of Chapter 807 of the Acts of 1913, relative to the compensation of certain employees for injuries sustained in the course of their employment. (General Laws, Chapter 152, Section 69.)

November 5, 1912. *Voted,* To accept the provisions of Chapter 503 of the Acts of 1912, relative to the pensioning of laborers in the employ of the town. (General Laws, Chapter 32, Section 77.)

March 2, 1914. *Voted,* To accept the provisions of Chapter 807 of the Acts of 1913, relative to workmen's compensation. (General Laws, Chapter 152, Section 69.)

March 2, 1914. *Voted,* To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909 as amended by the provisions of Chapter 494 of the Acts of 1911, relative to the eight-hour day for city and town employees. (General Laws, Chapter 149, Sections 30 to 33.)

November 3, 1914. *Voted,* To accept the provisions of Chapter 217 of the Acts of 1914, relative to vacations for town laborers. (General Laws, Chapter 41, Section 111.)

March 13, 1915. *Voted,* To accept the provisions of Chapter 296 of the Acts of 1913, relative to the appointment of a Bird Warden. (General Laws, Chapter 131, Section 76.)

March 10, 1917. *Voted,* To accept the provisions of Chapter 15 of the Special Acts of 1917, revoking the reservation of space for use of street railway on Blue Hill Avenue (Special Act.)

March 2, 1918. *Voted,* To accept the provisions of Chapter 140 of the Acts of 1917, amending Chapter 291 of the Acts of 1916, relative to the tenure of office of Chiefs of Fire Departments in the Metropolitan Fire Prevention District. (General Laws, Chapter 48, Section 58.)

March 2, 1918. *Voted,* To accept the provisions of Chapter 575 of the Acts of 1913, relative to the furnishing of lunches for school children. (General Laws, Chapter 71, Section 72.)

March 9, 1918. *Voted,* To accept the provisions of Chapter 305 of the Special Acts of 1917, relative to the management of the property received under the terms of the will of Edwin W. Wardsworth. (Special Act.)

March 8, 1919. *Voted,* To accept the provisions of Chapter 293 of the Acts of 1916, relative to the licensing of motor vehicles carrying passengers for hire. (General Laws, Chapter 159, Sections 45 and 46.)

March 8, 1919. *Voted,* To accept the provisions of Chapter 17 of the Special Acts of 1919, relative to the payment of an annuity to Catherine M. Moran. (Special Act.)

March 8, 1919. *Voted,* To accept the provisions of Chapter 16 of the Special Acts of 1919, relative to the payment of an annuity to Katherine K. McDermott.

March 13, 1920. *Voted,* To accept the provisions of Chapter 186 of the Acts of 1907, relative to the pensioning of widows and children of members of the Police and Fire Departments. (General Laws, Chapter 32, Section 88.)

May 3, 1920. *Voted,* To accept the provisions of Chapter 240 of the Acts of 1920, relative to sports and games on the Lord's Day. (General Laws, Chapter 136, Sections 21 to 28.)

November 2, 1920. *Voted,* To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

March 12, 1921. *Voted,* To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

March 3, 1923. *Voted,* To accept the provisions of Chapter 516 of the Acts of 1922, relative to the adoption of the State accounting system.

June 12, 1923. *Voted,* To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

March 8, 1924. *Voted,* To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

March 8, 1924. *Voted,* To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

March 8, 1924. *Voted,* To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

March 14, 1925. *Voted,* To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

RULES AND REGULATIONS OF THE SELECTMEN OF MILTON

TRAFFIC

(Sections 1–12 adopted November 7, 1924; sections 13–23 adopted June 5, 1925.)

Ordered, That the following rules are hereby adopted for the regulation of carriages and vehicles in the town of Milton, however propelled.

SECTION 1. Every person having charge or control of any carriage or other vehicle, upon a public street, shall stop, change the position of, or move such carriage or other vehicle as directed by any police officer.

SECTION 2. Every person having charge or control of a carriage or other vehicle, upon a public street, shall comply with and obey the directions upon all signs, movable posts or mechanical devices placed by direction of the Board of Selectmen or by a police officer on or near such street unless otherwise directed by a police officer.

SECTION 3. All carriages or other vehicles stopping in any business section must stand near to and parallel with the right-hand curb, unless it is necessary for the purpose of loading or unloading said vehicle to back up to the curb. By the words "business section" is meant any section of a street in the town where two or more stores or shops for the sale of goods, wares or merchandise are located within 100 feet of each other.

SECTION 4. No carriage or other vehicle shall remain backed up to the curb except when actually loading or unloading, and the horse thereof, if it be a horse-drawn vehicle, shall be turned in the direction of traffic and parallel with the curb.

SECTION 5. Unless in an emergency or to allow another vehicle or a pedestrian to cross a street, no carriage or other vehicle shall stop in any public street except close to the curb.

SECTION 6. No carriage or other vehicle shall stop in such a way as to obstruct any street or crossing or within ten feet of a fire hydrant, street corner, electric car or pole stop, except in case of emergency or when directed to do so by a police officer.

SECTION 7. The operator of a motor vehicle shall under no circumstances cut out the muffler while on a public street.

SECTION 8. A carriage or other vehicle when turning to the right into another street shall slow down and keep as near to the right-hand curb as possible.

SECTION 9. A carriage or other vehicle in turning to the left into another street shall slow down and pass to the right of and beyond the center of the intersecting streets before turning.

SECTION 10. A carriage or other vehicle crossing from one side of the street to the other, except for the purpose of passing other vehicles or because of dangers in the street, shall do so by turning to the left, so as to head in the general direction of traffic after it has crossed the street.

SECTION 11. The words "carriage or other vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles propelled by hand, and everything on wheels or runners except street cars and light carriages for conveyance of children.

SECTION 12. In accordance with General Laws, chapter 40, section 22, the following are declared one-way streets, and are hereby *closed to traffic* in the direction specified in each case:

Austin Street — Closed from Blue Hill Avenue to Blue Hills Parkway.
Brackett Street — Closed from Washington Street to Granite Place.
Brook Road — Left-hand roadway closed in each direction between Blue Hills Parkway and Canton Avenue.
Central Avenue — Left-hand roadway closed in each direction between Brook Road and Eliot Street.
Edge Hill Road — Left-hand roadway closed in each direction between Pleasant Street and Boulevard Street.

Eliot Street — Left-hand roadway closed in each direction between Adams Street and Central Avenue.
Grafton Avenue — Left-hand roadway closed in each direction.
High Street — Closed from Eliot Street to Canton Avenue.
Oak Street — Closed from Brook Road to Blue Hill Avenue.
Pleasant Street — Left-hand roadway closed in each direction between Reedsdale Road and Edge Hill Road.
Randolph Avenue — Left-hand roadway closed in each direction between Reedsdale Road and Highland Street.
Reedsdale Road — Left-hand roadway closed in each direction between White Street and Pleasant Street.
Tucker Street — Closed from Blue Hill Avenue to Brush Hill Road.
White Street — Left-hand roadway closed in each direction between Brook Road and Reedsdale Road.

Section 13. Between 7 a.m. and 9 p.m. no vehicle shall park for a period exceeding forty minutes on Adams Street between Granite Avenue and Church and Mechanic streets.

Section 14. Every vehicle parking on Adams Street between Granite Avenue and Church and Mechanic streets shall be drawn up close to and parallel with the right-hand curb in each direction.

Section 15. No vehicle shall park on either side of Granite Avenue between Adams Street and the southerly boundary of the town lot occupied by Hose 4.

Section 16. No vehicle shall park on either side of Granite Avenue between Adams Street and 366 Granite Avenue, except that customers of business places along the easterly side within the foregoing limits may park their vehicles along the easterly side for a period not exceeding forty minutes.

Section 17. No vehicle shall park on the northerly side of Adams Street outside of the East Milton station and grounds of the New York, New Haven & Hartford Railroad Company.

Section 18. No vehicle shall park for a period exceeding forty minutes on the southerly side of Adams Street between Bryant Avenue and Edge Hill Road; cars parking between the foregoing limits shall be headed in against the curb diagonally in a southeasterly direction.

Section 19. No vehicle shall park on Bryant Avenue between Adams Street and New Street.

Section 20. No vehicle shall park on the westerly side of Edge Hill Road between Adams Street and a point opposite the southerly side of the alley on the southerly side of Ellsworth Block, so called.

Section 21. No vehicle shall park on the easterly side of Edge Hill Road between Adams Street and the southerly side of the alley on the southerly side of Ellsworth Block, so called.

Section 22. Every vehicle parking on the easterly side of Adams Street between Wharf Street and the Boston line shall be backed against the curb diagonally and heading in a northwesterly direction, except during slippery weather, when the police shall have authority to require all such vehicles to be parked close to and parallel with the curb.

Section 23. Every vehicle parking on the westerly side of Adams Street between a point opposite the northerly side of Wharf Street and Eliot Street shall be backed against the curb diagonally and heading in a southeasterly direction.

Whosoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding twenty dollars ($20) for each offence.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

NEW STREETS

(Sections 1 to 21 adopted April 10, 1925.)

A. Private Construction

Section 1. No person shall open a private way for public use without first submitting to the Board of Selectmen, sitting as the Board of Survey, suitable plans thereof, with a petition for their approval. (Gen. Laws, ch. 41, sec. 74.)

Section 2. No such petition will be acted on by the Board between November first and March first. (Regulation, Milton Board of Survey.)

Section 3. Every such petition shall be accompanied by —

A. Cash or a certified check sufficient to pay the cost of advertising it for a hearing.

B. A written statement specifying the proposed method of construction of the private way or such portions thereof as it is proposed to construct within two years from the date of filing the petition, including the types and depths of road material to be employed and provisions for the proper drainage of the way. (Regulation, Milton Board of Survey.)

Section 4. Such plans shall be prepared by a competent engineer, shall be on a scale of forty feet to the inch and shall include a profile plan and a plan of drainage. They shall provide for curves of at least a fifteen-foot radius at all street intersections, and shall show the relation of the private way in question to all surrounding property lying between it and the nearest existing public ways or private ways the layout of which has been approved by the Board of Survey. (Regulation, Milton Board of Survey.)

Section 5. Every such way shall be not less than thirty feet in width. (Rev. By-Laws of Milton, ch. 10, sec. 1.)

Section 6. No person shall begin the construction of any private way for public use, nor any permanent building in the territory to be served by such way, until the required plans have been approved by the Board of Survey. (Regulation, Milton Board of Survey.)

Section 7. Upon the receipt of the petition and plans the Board of Survey shall give a public hearing thereon, after giving notice of the same by publication once in each of two successive weeks in a newspaper published in the Town, the last publication to be at least two days before the hearing. (Gen. Laws, ch. 41, sec. 74.)

Section 8. After such hearing the Board of Survey may alter the plans submitted and may determine where the way shall be located and the width and grades thereof, and shall indicate any modifications on such plans. The plans as approved or modified shall then be signed by the Board and filed in the office of the Town Clerk, who shall attest thereon the date of filing; and thereafter no way in the territory to which the plans relate shall be laid out or constructed except in accordance therewith, or with further plans subsequently approved by the Board. (Gen. Laws, ch. 41, sec. 74.)

Section 9. The Board of Survey may from time to time make new plans in place of plans filed or make changes on plans so filed; provided, that any action involving new plans or changes in plans already duly attested and filed shall be made only after the notice and hearing, and in all other respects in the manner specified in Section 74 of Chapter 41 of the General Laws (see Section 8 above); and the last plan so made, or the plan with the changes last made thereon and duly attested and filed, shall be the plan governing the future development of the territory affected. (Gen. Laws, ch. 41, sec. 76.)

Section 10. No public way shown on any plan filed as aforesaid shall hereafter be laid out, located anew, altered or widened, and no such way, whether already or hereafter laid out, shall be constructed by any public authority except in accordance with the plan duly attested and recorded under said sections (of Chapter 41 of the General Laws). If any person shall open for public travel any private way the location, direction, width, grades and plan of drainage of which have not previously been approved in writing by the Board of Survey in the manner provided in said sections, neither the Town nor other public authority shall place any public sewer, drain, water pipe or light in, or do any public construction work of any kind, or make repairs, on such private way; provided, that this section shall not prevent the laying of a trunk sewer, drain, water or gas main if required by engineering necessities for the accommodation of other territory. (Gen. Laws, ch. 41, sec. 77.)

Section 11. Whenever an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a Town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is

well built and as constructed it is equal to the average construction of the existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments. (Rev. By-Laws of Milton, ch. 10, sec. 2.)

Section 12. The Board of Selectmen will not lay out any such private way for acceptance by the Town nor file the certificate referred to in Section 11 unless the following conditions have been complied with:

A. Such way must be at least thirty feet wide, and have a finished roadway at least twenty feet wide.

B. The entire area of such way must have been cleared of all trees not intended for preservation, and of all stumps, roots, brush and like material.

C. All rock, boulders, loam, clay and other objectionable material must have been removed to a depth of at least twelve inches below the finished grade of the roadway and six inches for the sidewalk, or such greater depths as may be required by the Board of Selectmen.

D. All work in excavation or embankment must have been brought accurately to a subgrade of not less than eight inches below the finished grades for the roadway and four inches for the sidewalk, or such greater depths as may be required by the Board of Selectmen.

E. The roadway and sidewalk must be finished to grade with binding gravel properly compacted, or such other material as may be required by the Board of Selectmen.

F. Such sidewalks, curbing, catch-basins, drains and gutters must be provided, and constructed of such material, as may be required by the Board of Selectmen.

G. The owners of at least 75 per cent of the lands through which such way passes must have signed releases of all rights and property which the Board of Selectmen considers necessary for such laying out and acceptance by the Town. (Regulation, Milton Board of Selectmen.)

Section 13. Seven days at least prior to the laying out, relocation or alteration of a Town way a written notice of the intention of the Board of Selectmen to lay out, relocate or alter the same shall be left by them at the usual place of abode of the owners of the land which will be taken for such purpose, or delivered to such owner in person or to his tenant or authorized agent. If the owner has no such place of abode in the Town and no tenant or authorized agent therein known to the Board of Selectmen, or if, being a resident in the Town, he is not known as such to the Board of Selectmen, such notice shall be posted in a public place in the Town seven days at least before the laying out, relocation or alteration of such way. (Gen. Laws, ch. 82, sec. 22.)

Section 14. If it is necessary to acquire land for a Town way accepted by the Town, within ten days after such acceptance the Board of Selectmen shall adopt an order for the taking of such land by eminent domain under Chapter 79 of the General Laws. (Gen. Laws, ch. 82, sec. 24.)

Section 15. No private way can become a Town way until it has been accepted as such by vote of the Town. (Gen. Laws, ch. 82, sec. 23.)

B. Construction by the Town

Section 16. The first steps are the same as under Sections 1 to 10 above, inclusive.

Section 17. After the plans of a private way have been duly approved by the Board of Survey in accordance with Sections 1 to 10 above, a petition may be filed with the Board of Selectmen for its layout for acceptance by the Town as a Town way to be constructed by the Town at the expense of the abutters. (Regulation, Milton Board of Selectmen.)

Section 18. Every such petition must be signed by the owners of at least 75 per cent of the lands through which such way passes. (Regulation, Milton Board of Selectmen.)

Section 19. Such owners must sign releases of all property which the Board of Selectmen considers it necessary for the Town to acquire for the way, including sloping and draining privileges. (Regulation, Milton Board of Selectmen.)

Section 20. Such releases must be accompanied by agreements to pay the betterments assessed on such owners by reason of the construction of the way itself, and of such sidewalks, curbing, gutters, catch-basins and drains as the Board of Selectmen may consider necessary. (Regulation, Milton Board of Selectmen.)

Section 21. No private way can be constructed as a Town way by the Board of Selectmen until it has been accepted by vote of the Town. (Gen. Laws, ch. 82, sec. 23.)

MOTOR BUSSES

(Sections 1 to 23, adopted October 3, 1924.)

SECTION 1. No person or corporation shall, in the town of Milton, operate any motor vehicle upon any public street or way in said town, for the carriage of passengers for hire, in such a manner as to afford a means of transportation similar to that afforded by a street railway company, by indiscriminately receiving and discharging passengers along the route on which the vehicle is operated or may be running, or for transporting passengers for hire as a business between fixed and regular termini, without first obtaining a license therefor from the Board of Selectmen of said town.

SECTION 2. A license for the operation of any such motor vehicle shall not be issued or granted for a period exceeding one year, and shall not become operative until the licensee named therein shall deposit with the treasurer of said town, security, by bond or otherwise, running to the Town Treasurer and approved by him and the licensing authority, conditioned to pay any final judgment obtained against the principal named in the bond for any injury to person or property or damage for causing the death of any person by reason of any negligent or unlawful act on the part of the principal named in said bond, his or its agents, employees or drivers, in the use or operation of any such vehicle. The security deposited under the provisions of this paragraph shall be in the sum of twenty-five hundred dollars for a motor vehicle having a seating capacity of five persons or less, and for a motor vehicle having a seating capacity of six or more in the sum of twenty-five hundred dollars and five hundred dollars additional for each passenger seat in excess of five. If the licensee shall file with the Town Treasurer an insurance policy issued by a company authorized to issue such policy in this Commonwealth, by which the company insures the licensee against loss from liability imposed by law upon the assured for damages on account of bodily injuries, including death resulting therefrom accidentally suffered by any person or persons, caused by such motor vehicle, the operation thereof, or by the loading or unloading of merchandise carried on such motor vehicle, to the extent of at least twenty thousand dollars ($20,000) total liability for injury or death in any one accident, and subject to such liability in one accident to the extent of at least five thousand dollars ($5,000) for injury or death of one person; and against loss from the liability imposed by law upon the assured for damage (including damage necessarily resulting from loss of use) to property of every description (property of the assured excepted) resulting from any accident occurring within the term of the policy, directly caused by or due to the ownership, maintenance or use of such motor vehicle to the extent of at least one thousand dollars ($1,000), then security in the sum of five hundred dollars ($500) only shall be required to be deposited with the treasurer.

Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition that the insurer shall not be liable thereunder unless it receives notice of any accident or other cause of liability under such policy, or of suit or action resulting therefrom, other than provision for notice within a period of not less than sixty days after the accident or other cause of liability aforesaid given either by the assured, or the Town Treasurer aforesaid, or by any person sustaining bodily injury or damage in his property by reason of said accident, or other cause of liability in the name of such Town Treasurer. Such insurance policy shall also provide that the notice aforesaid may be given by another in the name of the Town Treasurer in behalf of any person sustaining bodily injury or damage in his property as aforesaid and that if from physical or mental incapacity it is impossible for the person sustaining such injury or damage to give the notice aforesaid within the time above provided, he may give it within ten days after such incapacity has been removed, and if he dies without having given such notice and without having been for ten days after the accident or other cause of liability of sufficient capacity to give it, his executor or administrator may give the notice within a period of not less than sixty days after his appointment. Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition for cancellation without notice thereof to the Treasurer of the town with whom such policy is filed as aforesaid.

SECTION 3. In case the Town Treasurer at any time shall determine that any surety on any bond is not possessed of sufficient property to be able to respond to the obligation of surety on such bond, whether any damage may have occurred or accrued or not, said Town Treasurer after giving the principal thereof an opportunity to be heard, may require the principal to furnish another or further surety on such bond, or a new

bond for the remainder of the term of the license of the motor vehicle to which such bond relates, and in that event or upon the cancellation of any insurance policy filed under these rules such license, without any further action by the Board of Selectmen, shall thereupon stand suspended until such new bond or such other or further surety, approved by the said Town Treasurer, shall be furnished.

SECTION 4. Upon each vehicle licensed under the provisions of these regulations, the owner shall cause to be placed at his own expense, a metal plate of the form and size approved by the Chief of Police of said town and bearing the words "Licensed motor vehicle No.....Milton, 19...., ...passengers" setting forth the serial number of the license, the date and the number of passengers excluding the operator that the vehicle is licensed to carry. Said plate shall be attached to and kept on the dash of the motor vehicle in such a position as to be visible to the occupants thereof. For each vehicle so licensed there shall be paid to the Town Treasurer the sum of $5.

SECTION 5. No motor vehicle so licensed shall be operated without having a sign thereon in form approved by the said Chief of Police stating the main street or streets of the route, the termini of the route and the fare to be charged, which sign shall be so placed at the entrance of the vehicle as to be plainly visible to persons entering the vehicle. The letters and figures on such sign shall not be less than two and one-half inches in height and shall have a stroke of not less than one-quarter inch in width. No advertising sign of any kind except the owner's name or symbol shall be placed or carried on the outside of the vehicle.

SECTION 6. Every licensee before operating any such motor vehicle shall file with the Board of Selectmen a schedule or tariff showing the effective date thereof, the time of arrival and departure at and from all termini, and the time of departure from important intermediate points and a schedule or tariff showing the passenger fares to be charged between the several points or localities to be served; and no fare other than designated in such tariff shall be charged or collected for transportation in such motor vehicle by the licensee or his agents or servants. The schedule or tariff shall provide for half fares for school children.

SECTION 7. Persons or corporations making application for such license to operate such vehicles shall designate the route or routes over which they desire to operate, and the licensee shall operate such motor vehicle only over such route or routes as shall be approved by the Board of Selectmen. Such route or routes may be changed only with the consent or approval of the Board of Selectmen, except in case of an emergency the route may be changed by the Chief of Police, who shall be the sole judge as to whether an emergency exists. Termini of such routes shall be fixed and motor vehicles so licensed shall be driven to such termini before turning around.

SECTION 8. No person shall operate any such motor vehicle so licensed within the town of Milton unless he shall be twenty-one years of age or older and unless he shall have first obtained a license so to do from said Board of Selectmen, which license shall state the name, age, height and weight, color of hair, color of eyes, and race of the licensee, his home address, and the name of his employer if he operates such car as an employee. The application for such license shall be on a blank furnished by said Board of Selectmen, and the form of the application and the information to be furnished therein by the applicant shall be such as from time to time may be prescribed by said Board of Selectmen and said Board of Selectmen shall require that the truth of the allegations in such application shall be sworn to before an officer authorized to administer oaths. The said Board of Selectmen shall not grant such a license to any applicant who has not demonstrated to the satisfaction of the Chief of Police his ability to drive the vehicle proposed to be operated by him; such license shall be signed by the Clerk of said Board, shall be numbered in regular order as granted, shall be recorded in the office of the Town Clerk, and also in the office of the Chief of Police, and shall expire on the first day of May next succeeding the date thereof.

SECTION 9. No person operating any motor vehicle so licensed shall refuse to carry any person offering himself to be carried as a passenger therein, unless the seats of the same are fully occupied and the number of passengers thereon is the number allowed the operator to be carried at one time, or unless such person be intoxicated or disorderly.

SECTION 10. Every licensee shall operate for at least eight hours daily during the term of his license, unless accident or unavoidable cause prevents such operation, and the minimum period of operation shall be fixed by the Board of Selectmen in the case of each permit granted. On routes using the same termini as are used by electric street railways, not less than twelve hours daily operation shall be required by the Board of Selectmen unless accident or other unavoidable cause prevents such operation.

Section 11. No person operating any motor vehicle so licensed shall solicit passengers by outcry or make any noise for the purpose of soliciting passengers.

Section 12. No such motor vehicle shall stand to wait for passengers in any street, square or public place except on such portions thereof and during such hours as may be designated therefor by the Board of Selectmen, nor shall such vehicle stand or stop for the purpose of receiving or discharging passengers between the track of a street railway and the side of the street upon which the street railway passengers ordinarily board or leave street railway cars operated on such track within fifty (50) feet in each direction longitudinally upon such street of a white pole or other designated or customary point for passengers to take or leave the cars of a street railway company, unless authorized by the Department of Public Utilities. The Board of Selectmen from time to time shall designate locations in streets, squares and public places in which general street travel will not be materially interfered with where such vehicle may stand, and said Board of Selectmen at any time when it finds that any such locations materially interfere with public travel, may cancel such locations, and said Board of Selectmen may at any time cancel any such hours and prescribe other hours therefor.

Section 13. No motor vehicle so licensed shall be operated in any street or public place where there is snow or ice unless it be equipped with proper non-skidding chains and every such vehicle shall be kept in safe and proper condition for use in such business, and to that end the said Board of Selectmen shall have the right to have every such vehicle examined at any reasonable time or times, by the Chief of Police or any representative or agent of the Board of Selectmen without charge to the licensee therefor. Every licensee shall be required to clear the streets of snow and ice as may be designated by the Board of Selectmen.

Section 14. No greater number of passengers shall be carried at any one time in any such motor vehicle than the license of such vehicle shall specify, provided that in addition thereto children under seven years of age may be carried therein in arms or seated on the laps of parents or adult persons accompanying them, but no person with a child in arms or seated on the lap shall be permitted to sit with or immediately next to the driver of the vehicle. Nor shall any passenger be permitted to ride upon any fender, dash, top floor, steps or running board of any such vehicle.

Section 15. No person operating any such motor vehicle shall collect fares, make change or discharge passengers while such vehicle is in motion; nor shall he have a lighted cigarette, lighted cigar or lighted pipe in his possession while any passenger is being carried therein, nor drink any intoxicating beverage of any kind, or be under the influence thereof, while engaged in operating such vehicle.

Section 16. Every person operating any such motor vehicle shall deliver any article left therein by any passenger to the Chief of Police not later than twenty-four hours after finding the same, and shall receive a receipt therefor from said Chief of Police and said Chief of Police shall provide for returning the same to the owner upon proper identification and proof of ownership. All such articles delivered to said Chief of Police and not claimed within ninety days from such delivery shall be delivered to the licensee by whom they were left.

Section 17. No change shall be made by any licensee in rates to be charged for transportation in such motor vehicle or in the schedule of the operation thereof except after fourteen days' notice of such change filed with the Board of Selectmen which shall decide on such change after a public hearing which the Board shall advertise at the expense of the petitioner in a newspaper of the town.

Section 18. Every such motor vehicle shall come to a full stop immediately before crossing the tracks of any railroad at grade.

Section 19. Every such licensee shall immediately report fully, in writing, to the Town Treasurer and to the Chief of Police, any injury to a passenger or other person, any accident resulting in damage to property, in which any motor vehicle which he is licensed to operate is involved.

Section 20. The Board of Selectmen may suspend or revoke any license granted for the operation of any such motor vehicle and any license issued to any person to drive or operate any such motor vehicle, for the violation of any law of the Commonwealth made in relation to the operation of motor vehicles, or the violation of any traffic regulations of said town, or the violation of any of the rules and regulations herein prescribed, or for any other cause deemed by the Board of Selectmen, in the exercise of their discretion, to be sufficient.

Section 21. No person or corporation shall operate any such motor vehicle over any bridge or culvert whose span is 10 feet or more without said bridge or culvert being first approved by the Department of Public Utilities as of sufficient strength to sustain

such operation with safety, and no such motor vehicle shall be operated over any such bridge or culvert after a determination by the Department that such bridge or culvert is unsafe for the operation of such motor vehicle over it.

SECTION 23. The holding or adjudication of any paragraph or subdivision of the rules and regulations herein prescribed to be unconstitutional or invalid shall not affect the validity of any other paragraph or subdivision, but all other paragraphs and subdivisions shall be and remain in full force and effect.

SECTION 23. The "Rules and Regulations Governing the Authorization of Certain Motor Vehicles Commonly Known as Jitneys, in the Town of Milton" adopted by the Milton Board of Selectmen on December 22, 1922, are hereby revoked.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

A true copy.
Attest:

JOSEPH H. DUFFY,
Clerk of the Board.

SECOND-HAND ARTICLES

(Adopted October 1, 1924.)

SECTION 1. The Board of Selectmen will, upon petition, license suitable persons to be dealers in second-hand articles and keepers of shops for the purchase, sale or barter of such articles, pursuant to law. Such licenses shall not be valid to protect the holders thereof in a building or place other than that designated in the license unless consent to removal is granted by the Board of Selectmen, nor shall any such license authorize the licensee to bring or allow to remain upon the licensed premises any rags, old paper, junk or other refuse material gathered or recovered from any source. Applications for such licenses shall be examined and reported upon by the Chief of Police, who shall report whether the applicant wishes to engage in a general second-hand business or in a special stated line; whether or not he is of good reputation, is a citizen of the United States, can read and write the English language intelligibly, has ever held a similar license, and if such license was revoked, suspended or surrendered, the reason therefor. Applications for new licenses under this rule may be filed at any time. Applications for the reissue of licenses already existing should be filed at least thirty days before the expiration of such licenses. All licenses issued under this rule shall expire annually on the first day of May, except that licenses may be issued in April to be valid for twelve months beginning the next succeeding first day of May. Persons whose licenses have expired and have not been reissued will be liable to prosecution if engaging in any business for which the license is required. (Gen. Laws, chap. 140, sects. 54, 202, 205; Revised By-Laws, chap. 6, sect. 27; Regulations of Board of Selectmen.)

SECTION 2. Every such shopkeeper shall keep a book in which shall be written, at the time of every purchase of any such article, a description thereof and the name, age and residence of the person from whom, and the day and hour when such purchase was made; and such book shall at all times be open to the inspection of the Board of Selectmen, or of any person by it authorized to make such inspection.

Such book shall be of a size and style to be approved by the Board of Selectmen, shall be legibly written in the English language, and shall show the amount paid for each article and the number attached to each article in accordance with Section 4. No entry in such book shall be erased, obliterated or defaced.

SECTION 3. Every such shopkeeper shall allow his shop and all articles of merchandise therein to be at all times examined by the Board of Selectmen or the Chief of Police, or by any person by it or him respectively authorized to make such examination.

SECTION 4. Every such shopkeeper shall, at the time of making any purchase, attach a number to each article bought, and shall make entry of such number in the book provided for by Section 2.

SECTION 5. Every such shopkeeper shall make out and deliver to the Chief of Police, every day before the hour of 10 o'clock A.M., a legible and correct list containing an accurate description of all articles purchased during the preceding business day, the respective numbers of such articles as provided by Section 4, the prices paid therefor, the time when such articles were purchased. If during the preceding business day no articles have been purchased by such shopkeeper, he shall make out and deliver to the Chief of Police, before the hour of 10 o'clock A.M., a report of such fact.

SECTION 6. No such shopkeeper shall permit to be sold any article purchased or received by him until at least a period of thirty days from the date of its purchase or receipt has elapsed.

SECTION 7. No such shopkeeper shall have his shop open for the transaction of business, nor shall he purchase any second-hand articles, except between sunrise and 9 o'clock in the evening of any week day except Saturday, on which day such shop may be kept open and such articles purchased from sunrise until 10 o'clock in the evening.

SECTION 8. No such shopkeeper shall directly or indirectly purchase or receive by way of barter or exchange any junk, old metals or second-hand articles from a minor or apprentice, knowing or having reason to believe him to be such.

SECTION 9. The possession by any dealer in second-hand articles of certain registered vessels, without the written consent of or purchase from the owner thereof, shall be prima facie evidence of unlawful use, possession of or traffic in the same. (Gen. Laws, chap. 110, sect. 19.)

SECTION 10. Licenses provided for by this rule may be revoked by the Board of Selectmen at pleasure. (Gen. Laws, chap. 140, sect. 54.)

Such licenses will be revoked for violation of any statute, By-Law or Regulation of the Board of Selectmen relating to the business of the licensee, for failure of the licensee to carry on the business at the place designated in his license, or for any other cause deemed sufficient by the Board of Selectmen.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1925

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS NORFOLK, SS.

To either of the Constables of the Town of Milton, in said County, Greetings.

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote in elections and in town affairs to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue,
In Precinct II, polling place, Tucker School Hall, Blue Hills Parkway,
In Precinct III, polling place, Milton Police Station, Central Avenue,
In Precinct IV, polling place, Belcher School, Church Street,

on Saturday, March seventh next, at fifteen minutes before 6 o'clock in the forenoon, then and there to bring in to the precinct officers of their respective precincts their votes on one ballot respectively, for the following-named town officers, to wit:

One Moderator for the term of one year; a Town Clerk for the term of one year; a Town Treasurer for the term of one year; a Collector of Taxes for the term of one year; three Selectmen and Surveyors of Highways for the term of one year; one Assessor for the term of three years; two Overseers of the Poor for the term of three years; three Auditors for the term of one year; one Sewer Commissioner for the term of three years; a Tree Warden for the term of one year; two members of the School Committee for the term of three years; one member of the Board of Health for the term of three years; one Trustee of the Cemetery for the term of five years; three Library Trustees for the term of three years; one Park Commissioner for the term of three years; one Water Commissioner for the term of three years; one Trustee of the Wadsworth Fund for the term of three years; two members of the Planning Board for the term of three years; four Constables for the term of one year.

For these purposes the polls will be open at each and all of said precincts at fifteen minutes before 6 o'clock in the forenoon and will be closed at 4 o'clock in the afternoon.

Herbert E. Clark	Deputy Inspector
George Hart	Deputy Inspector
Prescott Skinner	Deputy Inspector
Charles Thompson	Deputy Inspector

And, thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March 14 next, at thirty minutes past 1 in the afternoon at the Town Hall in said Milton, then and there to act upon the following articles, to which we have requested the Warrant Committee to append their recommendation on all printed copies hereof, to wit:

Adjourned Meeting, March 14, 1925

Article 1. To choose all such town officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely: Ralph E. Forbes, Bird Warden; George E. Burt, Carl R. Horne, Measurers of Lumber.

Article 2. To hear and act upon the Auditor's report and reports of other town officers and committees.

Voted, That the Auditors' (printed) 88th report be accepted and placed on file.

Report of Suffolk Resolves House Committee

Milton, Mass., January 15, 1925.

To the Citizens of Milton.

Under Article 44 of the last March warrant the undersigned were appointed a Committee empowered "in their discretion" to petition the General Court for authority for the town to take by eminent domain the Suffolk Resolves House on Adams Street.

Since doubts had been expressed as to the authenticity of the house, the Committee construed its discretionary powers as requiring it to remove these doubts before taking action. A public hearing was accordingly held, which was largely attended, and where much evidence was presented, and the Committee also assembled evidence elsewhere. It then laid the evidence before Worthington C. Ford, editor of the Massachusetts Historical Society, one of the foremost authorities of the country in all matters of antiquarian interest. Mr. Ford very courteously consented to give the Committee his opinion on the matter, and his opinion casts still further doubt on the authenticity of the house. The Committee therefore feels it would be unwise to petition the General Court for authority to take the house by eminent domain, and requests either that it receive further instructions from the town or that it be discharged.

Roger Wolcott,
Eva B. T. Churchill,
Roger L. Scaife,
Committee on Suffolk Resolves House.

By Roger Wolcott,
Chairman.

Voted, That the report of the Suffolk Resolves House Committee be accepted and placed on file, and the Committee be discharged.

Report of the Street Railway Committee

Milton, Mass., March 4, 1925.

Your Committee has received from the Trustees of the Eastern Massachusetts Street Railway Company, from month to month, reports of the receipts and expenditures.

Owing to the deficit which was established by the Company as of September 30, 1924, the Board of Selectmen and your Committee authorized the payment of $1,250, being one-half of the subsidy under the terms of the agreement between the Trustees of the Street Railway and the town.

The fiscal year covered by the agreement does not end until March 31, 1925. It seems likely, however, that the loss shown by the road this year will be a little over $4,000, and that therefore the whole subsidy promised by the town will have to be paid.

Your Committee has conferred with officials representing the Trustees relative to next year's subsidy. We are advised that the road will not request any subsidy for the coming year. Under date of February 28, 1925, we have received the following letter:

EASTERN MASSACHUSETTS STREET RAILWAY COMPANY,
1 BEACON STREET, BOSTON, February 28, 1925.

Mr. LINCOLN BRYANT, *53 State Street, Boston, Mass.*

DEAR MR. BRYANT: — As suggested by you at our conference in the Street Railway office on Thursday, February 26, I am writing you to state that we do not expect Milton to make a contribution to the operation of the road after the expiration of the present contract year on March 31.

Whether we will be able to earn any part of the 6 per cent interest on our money as required under the Service at Cost Plan of the Public Control Act depends entirely upon the degree of co-operation we receive from the people of Milton.

Wasteful competition would destroy any transportation agency in Milton, where the volume of common carrier traffic is relatively small.

On the other hand, the transportation needs of the town must necessarily be met, and of course we are willing at all times to confer with representatives of the town when it is believed that improvements can be made in service.

Very truly yours,
(Signed) R. B. STEARNS,
Vice-President and General Manager.

We therefore have no occasion to recommend an appropriation by the town for the coming year.

Respectfully submitted,
LINCOLN BRYANT.
MARCY L. SPERRY.
KENNETH D. JOHNSON.

Voted, That the report of the Street Railway Committee be accepted and placed on file, and the Committee discharged.

GENERAL GOVERNMENT.

ARTICLE 3. To see what sums of money the town will vote to appropriate for general government for salaries and expenses of the following departments, and other purposes, the present year:

1. Warrant Committee.
2. Selectmen.
3. Assessors.
4. Treasurer.
5. Auditors.
6. Collector.
7. Town Clerk.
8. Election and registration.
9. Law.
10. Engineering.
11. Town Hall and lot.
12. Insurance.
13. Town reports.
14. Licensing Commission for one and two car private garages.

Voted, That the following sums be appropriated for salaries and expenses and other purposes:

1. Warrant Committee:	
General expense	$500 00
2. Selectmen:	
Salaries:	
Chairman	$500 00
Second member	500 00
Third member	500 00
General expense	5,750 00
	$7,250 00

3. Assessors:	
Salaries:	
Chairman	$1,000 00
Second member	800 00
Third member	800 00
General expense	3,600 00
	$6,200 00
4. Treasurer:	
Salary	$2,200 00
General expense	900 00
	$3,100 00
5. Auditors:	
Salaries	$129 17
6. Collector:	
Salary	$2,200 00
General expense	800 00
	$3,000 00
7. Town Clerk:	
Salary	$500 00
General expense	400 00
	$900 00
8. Election and registration:	
Salaries	$250 00
General expense	950 00
	$1,200 00
9. Law:	
General expense	$3,500 00
Unpaid 1924 bills	617 28
	$4,117 28
10. Engineering:	
General expense	$500 00
11. Town Hall and lot:	
Salary	$1,800 00
General expense	1,700 00
New heating plant	1,850 00
	$5,350 00

12. Insurance.
Voted, That the sum of $12,911.20 be appropriated.
Further voted, That the Moderator be authorized to appoint a committee of three citizens to investigate the present policy of insuring, and to submit their recommendations for future procedure to the next Warrant Committee.
Committee appointed: Arthur W. Rice, Samuel Haworth and Norton Wigglesworth.

13. Town reports.
Voted, That the sum of $2,600 be appropriated.

14. Licensing Commission for one and two car private garages.
Voted, That the sum of $100 be appropriated.

Article 4. To see if the town will vote to establish the office of Town Engineer, define the duties thereof, and appropriate money therefor.
Voted, To authorize the Moderator to appoint a committee of three citizens to investigate the matter and report at the next annual town meeting.
Committee appointed: James W. Rollins, Howard T. Chandler and Barry Keenan.

Article 5. To see what sum of money the town will vote to appropriate for the use of the Milton Planning Board the present year.
Voted, That the sum of $3,700 be appropriated.

Article 6. To see what sum of money the town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

Voted, That the sum of $10,000 be appropriated.

Article 7. To see what sum of money the town will vote to authorize the Assessors to use out of the surplus revenue account in fixing the tax rate for 1925.

Voted, That the Assessors be authorized to use $20,000 out of the surplus revenue account in fixing the tax rate for 1925.

Article 8. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year, ending December 31, 1925.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow to an amount not to exceed $400,000, in anticipation of the revenue of the financial year, ending December 31, 1925, and to issue a note or notes therefor, payable within one year from the date thereof; any debts or debt incurred under this vote to be paid from the revenue of the financial year ending December 31, 1925.

(Unanimous vote.)

Article 9. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1926, in anticipation of the revenue of the financial year ending December 31, 1926.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1926, to an amount not to exceed $100,000 in anticipation of the revenue of the financial year, ending December 31, 1926, and to issue a note or notes therefor; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1926.

(Unanimous vote.)

Article 10. To see if the town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted, That the town authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Article 11. To see if the town will vote to authorize the Selectmen to employ counsel to represent the town at hearings before committees of the General Court.

Voted, That the town authorize the Selectmen to employ counsel to represent the town at hearings before committees of the General Court.

(Unanimous vote.)

Article 12. To see if the town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State boards and commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the town at the town meeting next following the close of its term of office.

Voted, That the town authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State boards and commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the town at the town meeting next following the close of its term of office.

Committee appointed: Lincoln Bryant, Malcolm Donald, W. Rodman Peabody, Felix Rackemann, Reginald L. Robbins.

Article 13. To see what sum of money the town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1925.

Voted, That the sum of $500 be appropriated.

ARTICLE 14. To see if the town will vote to abolish the office of Town Auditor.
Voted, That the town abolish the office of Town Auditor.

ARTICLE 15. To see if the town will authorize the Selectmen to appoint a Town Accountant, and what sum of money the town will appropriate for the purpose.
Voted, That the town authorize the Selectmen to appoint a Town Accountant. The salary for this office has been provided for under the Selectmen's budget.

PROTECTION OF PERSONS AND PROPERTY

ARTICLE 16. To see what sum of money the town will vote to appropriate for the protection of persons and property the present year, which includes the following departments:

1. Police.
2. Fire.
3. Hydrant service.
4. Wire.
5. Tree Warden.
6. Moth.
7. Street lighting.
8. Additional lights.
9. Building Inspector.
10. Sealer of Weights and Measures.

Voted, That the following sums be appropriated under this article:

1. Police.
Voted, That the sum of $70,248 be appropriated for the Police Department for the current year, to be divided as was done last year, and that the numerical strength of the police force be not reduced below thirty-one men, without further vote of the town.

2. Fire:

General maintenance	$50,748 75
Unpaid 1924 bills	1,150 00
	$51,898 75

3. Hydrant service.
Voted, That the sum of $9,000 be appropriated.

4. Wire.
Voted, That the sum of $8,274.45 be appropriated.

5. Tree Warden:

Public work	$6,000 00
Private work	4,500 00
	$10,500 00

6. Moth:

Public work	$5,000 00
Private work	5,000 00
	$10,000 00

7. Street lighting.
Voted, That the sum of $21,042.84 be appropriated.

8. Additional lights.
Voted, That the sum of $1,000 be appropriated.

9. Building Inspector.
Voted, That the sum of $2,350 be appropriated.

10. Sealer of Weights and Measures:

Salary	$200 00
General expense	75 00
	$275 00

ARTICLE 17. To see if the town will authorize the Board of Fire Engineers to purchase a hook-and-ladder truck and appropriate money for the same.
Voted, That the action under this article be indefinitely postponed.

ARTICLE 18. To see if the town will vote to amend section 5 of chapter 7 of the Revised By-Laws, relative to the Construction and Inspection of Buildings, by adding

the word "shingling" after the word "construction" in the first line of the first paragraph, so as to read as follows:

> SECTION 5. Before the erection, construction, shingling or alteration of any building or part of any building, structure, or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes is commenced, the owner or lessee or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work and such structural detailed drawings as the Inspector may require. And further to amend by adding the following: — *Section 30A*. All roof coverings shall be of fire retardant material, and all roofs which shall hereafter require repair to the extent of one-third of their area shall be replaced with fire-retardant material.

Voted, That action under this article be indefinitely postponed.

HEALTH AND SANITATION

ARTICLE 19. To see what sum of money the town will vote to appropriate for health and sanitation for the present year, which includes the following departments:

1. Health.
2. Inspector of Animals.
3. Vital statistics.
4. Collector of Ashes and Garbage.
5. Sewer maintenance.
6. Maintenance and repairs of Norfolk County Hospital.

1. Health — General.
Voted, That the sum of $5,800 be appropriated.

2. Inspector of Animals.
Voted, That the sum of $300 be appropriated.

3. Vital statistics.
Voted, That the sum of $600 be appropriated.

4. Collector of Ashes and Garbage.
Voted, That the sum of $15,000 be appropriated.

5. Sewer maintenance.
Voted, That the sum of $3,000 be appropriated.

6. Maintenance and repairs of Norfolk County Hospital.
Voted, That the sum of $5,996.28 be appropriated.

ARTICLE 20. To see what expenditure the town will authorize for the extension of sewers and to appropriate therefor, and to determine how the money shall be raised.

Voted, 1. That the Sewer Commissioners be authorized and requested to very materially increase the rate of assessment for sewer betterments.

Voted, 2. To authorize and direct the Treasurer to use any funds coming to the sewer assessment account from betterment charges or otherwise to pay interest and principal on sewer bonds whenever such payments become due.

Voted, 3. (*a*) To authorize an expenditure of $25,000 for sewer extensions, and to appropriate the same.

(*b*) That for the purpose of raising said amount of $25,000 appropriated for constructing sewers, the Town Treasurer be and he hereby is authorized in compliance with chapter 304 of the Acts of 1895, to prepare, issue and sell bonds or notes of the town to said amount of $25,000, payable $1,000 annually, bearing interest at a rate not exceeding 4¼ per cent per annum payable semi-annually and denominated on face "Milton Sewerage Loan, Act of 1895." Other particulars as to the form, issuance and sale of said bonds or notes shall be determined by the Treasurer with the approval of the Selectmen.

(Unanimous vote.)

Resolved, That it is the sense of the inhabitants, in this annual town meeting assembled, that the $100,000 limit of Milton sewerage loan indebtedness, as provided in Acts of 1895, chapter 304, section 13, is insufficient for the practical and increasing needs of the town, and that the Legislature should therefore be petitioned to raise such limit by not more than $50,000.

ARTICLE 21. To see if the town will adopt a by-law to read substantially as follows:

SECTION 1. No person shall be allowed to keep hens except upon permit to be issued by the Board of Health. Such permit shall be issued subject to the following conditions and such other reasonable conditions as the Board of Health shall determine.

SECTION 2. If a permit be granted I will conform to the following conditions:

1. A fee of one dollar will be paid before the issuance of the permit and before each annual renewal thereof.

2. The permit will expire on March 31 following its issue unless revoked before that time.

3. No live rooster will be kept unless authorized in writing by the Board of Health.

4. No hens will be kept within twenty-five feet of any dwelling other than the dwelling occupied by the applicant, without the written consent of the owner and occupant of such dwelling filed annually in the Board of Health office; nor on any lot on which is located a dwelling occupied by three or more families unless the owner lives on the premises.

5. All live hens will be kept in properly fenced enclosures, approved by the Board of Health.

6. No garbage or refuse food will be fed to hens unless it be put into a proper receptacle, which will be kept clean, or fed upon a cement or other waterproof surface that will be frequently flushed and will be kept clean.

7. The surface of the yard and the henhouse will be kept clean and free from odor.

8. All coops, henhouses and other structures, and all appurtenances thereto, will be of substantial construction and so arranged, placed and maintained as not to afford a harbor, shelter or food for rats. Such coops, henhouses, structures and appurtenances will be —

(*a*) Kept dry, well ventilated, and the windows so placed as, if possible, to admit sunlight.

(*b*) Kept well whitewashed within.

(*c*) Cleaned at least once a week between November and April 30, inclusive, twice a week between May 1 and October 31, inclusive, and oftener if necessary.

(*d*) Perches will be kept clean.

(*e*) Nest will be movable, and cleaned, aired and sunned at frequent intervals.

9. Drinking fountains will be kept clean and will be supplied at all times with water.

10. Premises where hens are kept will always be maintained in a condition satisfactory to the Board of Health.

11. The permit may be revoked at any time at the discretion of the Board of Health.

12. All statutes and ordinances and the conditions stated in permit will be conformed to.

13. The town shall be indemnified and saved harmless from any damage it may sustain or be required to pay by reason of the work permitted.

14. Any other or further conditions which may be adopted by the Board of Health from time to time will be observed.

Voted, That action under this article be indefinitely postponed.

HIGHWAYS

ARTICLE 22. To see what sum of money the town will vote to appropriate for the Street Department the present year.

1. General expense.
2. Sidewalk purposes.
3. Maintenance of public fountains.
4. Street watering and oiling.
5. Removal of ice and snow.
6. Permanent construction.

1. General expense.
Voted, That the sum of $75,184.92 be appropriated.

2. Sidewalk purposes.
Voted, That the sum of $5,000 be appropriated.

3. Maintenance of public fountains
4. Street watering and oiling } Included in general expense.
5. Removal of ice and snow

6. Permanent construction.
Voted, That the sum of $20,000 be appropriated.

Article 23. To see what sum of money the town will vote for the care and maintenance of Granite Avenue bridge, over the Neponset River. (See chapter 58, General Acts of 1915.)
Voted, That the sum of $2,800 be appropriated.

Article 24. To see what sum of money the town will appropriate for the construction of the extension of Atherton Street to Canton Avenue, as recently laid out by the County Commissioners.
Voted, That action under this article be indefinitely postponed.

Article 25. To see if the town will vote to discontinue the two short branches of Canton Avenue heretofore leading from the north and south into Atherton Street and lying outside the northerly and southerly side lines respectively of Atherton Street as recently extended easterly into Canton Avenue by the County Commissioners; the branch sections to be so discontinued being shown on plan of said Atherton Street extension on file in the office of said Commissioners, and the same, by reason of the action of said Commissioners, having become unnecessary for public use.
Voted, That action under this article be indefinitely postponed.

Article 26. To see if the town will vote to authorize the Selectmen to sell or dispose of, at their discretion, and in the name of the town to release or convey, any small parcel or parcels of land title to which may remain or be claimed to remain in the town, outside of the lines of Atherton Street at and near its junction with Canton Avenue as recently relocated and extended by the County Commissioners, and including any such portions of the short branches of Canton Avenue as have been discontinued by vote of the town under the last preceding article in this warrant.
Voted, That action under this article be indefinitely postponed.

Article 27. To see if the town will vote to accept the widening and alteration at the northeasterly side line of Brush Hill Road at its intersection with the northwesterly side line of Blue Hill Avenue as laid out by the Board of Selectmen as an extension of Brush Hill Road.
Voted, That the town vote to accept the widening and alteration at the northwesterly side line of Blue Hill Avenue, as laid out by the Board of Selectmen as an extension of Brush Hill Road.

Article 28. To see if the town will vote to accept Bunton Street, running easterly from Bunton Place to Washington Street, as laid out by the Selectmen as a town way.
Voted, That the town vote to accept Bunton Street, running easterly from Bunton Place to Washington Street, as laid out by the Selectmen as a town way.

Article 29. To see if the town will vote to amend section 2 of chapter 10 of the Revised By-Laws by substituting therefor substantially as follows:

> Section 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

Voted, That the town amend section 2 of chapter 10 of the Revised By-Laws by substituting therefor the following:

> Section 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such

way is well built, and as constructed it is equal to the average construction of existing highways of the town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments. (Approved by the Attorney General March 26, 1925.)

Charities

Article 30. To see what sum of money the town will vote to appropriate for the support of the poor the present year.

Voted, That the sum of $15,000 be appropriated.

Soldiers' Benefits

Article 31. To see what sum of money the town will vote to appropriate for Soldiers' Relief the present year.

Voted, That the sum of $1,800 be appropriated.

Article 32. To see what sum of money the town will vote to appropriate for state aid and military aid under chapter 200, General Acts of 1919, the present year.

Voted, That the sum of $500 be appropriated.

Article 33. To see what sum of money the town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R. on Memorial Day.

Voted, That the sum of $400 be appropriated.

Schools and Libraries

Article 34. To see what sum of money the town will vote to appropriate for the support of the schools the present year.

Voted, That the following sums be appropriated:

Current year	$200,111 65
Adjustment due to new calendar year . . .	5,888 35
	$206,000 00

Article 35. To see if the town will vote to erect and equip an addition to the present high school building which shall increase its floor space, and to determine how the money therefor shall be raised; and to act on anything relating thereto.

Voted, That a committee of five citizens, to consist of the Superintendent of Schools, one member of the School Committee, one member of the Planning Board, and two other citizens of the town, be appointed by the Moderator, and that said committee be and hereby is, authorized to erect and equip an addition to the high school, which shall increase the floor space of said high school, and that the sum of $200,000 be appropriated for said purpose to be expended by said committee; that $10,000 be raised in the tax levy of the current year; and that the Treasurer be and hereby is authorized in the name and behalf of the town to borrow a sum not exceeding $190,000 for said purpose and to issue bonds of the town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton School Loan," and shall be payable as required by section 19 of chapter 44 of the General Laws, so that the whole loan shall be paid in not more than twenty years from their date. They shall be sold at not less than the par value thereof, from time to time by the Treasurer. Each bond shall be in coupon form, subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon. The Moderator may fill vacancies in said committee.

(Unanimous vote.)

Committee appointed: Joseph A. Ewart, Elmer P. Fletcher, Arthur H. Tucker, Olaf Olson, and Ernest E. Erickson.

Article 36. To see what action the town will take relative to the Thacher School building on Clapp Street, no longer needed for school purposes, and act on anything relating thereto.

Voted, That the Thacher School be turned back to the town to be used as an Administration Building under the direction of the Selectmen, with the understanding that the Selectmen provide quarters for the Water Department, Sewer Department and the Milton Post 114 American Legion, therein.

Article 37. To see what action the town will take relative to the Houghton School building and land on Hillside Street, no longer needed for school purposes, and act on anything relating thereto.

Voted, That action under this article be indefinitely postponed.

Article 38. To see if the town will authorize the appointment of a committee, to consist of the members of the School Committee and Planning Board for the ensuing year, or to be otherwise constituted, to consider the question of the acquisition by the town of land for school purposes, and to report not later than the next annual town meeting.

Voted, To authorize the Moderator to appoint a committee of five citizens to consider the question of the acquisition by the town of land for school purposes, and to report not later than the next annual town meeting.

Committee appointed: James S. Russell, Henry W. B. Arnold, David A. Heffernan, George F. Moulton and Leonard M. Patton.

Article 39. To see what sum of money the town will vote to appropriate for the Public Library the present year.

Voted, That the sum of $16,750 be appropriated.

Recreation and Unclassified

Article 40. To see what sum of money the town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, That the sum of $5,000 be appropriated.

Article 41. To see if the town will authorize the Board of Sewer Commissioners to improve Pine Tree Brook and to take or acquire necessary land, water courses, rights and easements under and along said brook and to appropriate money for the same; and act on anything relating thereto.

Voted, That the Board of Sewer Commissioners be and hereby is authorized, under the provisions of chapter 282 of the Acts of 1914, to take or acquire lands, water courses, rights and easements in, under and along Pine Tree Brook between Blue Hills Parkway and Brook Road, and in and over a strip of land substantially as shown as a proposed taking in plan of W. W. Churchill, entitled "Plan showing location of proposed taking lines by the town of Milton along Pine Tree Brook between Blue Hills Parkway and Brook Road," and dated February 14, 1925, a copy of said plan being deposited in the office of the Town Clerk; provided, however, that the said lands, water courses, rights and easements are taken or acquired on or before September 1, 1925, without cost to the town or liability upon the town to make any payment therefor, and with an agreement from the owners thereof that said owners will respectively release and hold harmless the town of and from all claims for damages by reason to their respective remaining lands;

And provided, further, that said Board of Sewer Commissioners may agree on behalf of the town, in consideration of the aforesaid agreement of owners, that the town shall assume any betterments assessed upon said owners' land by reason of such taking or acquirement.

And to appropriate the sum of $5,000 for the purpose of improving said locality if and when the same shall be acquired, said $5,000 to be expended by said Board in fencing or otherwise, as it may determine.

(Unanimous vote.)

Article 42. To see if the town will vote to accept a gift from Dr. Walter A. Lane of certain land lying between Randolph Avenue and Churchill Lane, comprising about 3.111 acres, bounded northerly by land of Ellerton James, easterly by Churchill Lane and land of Phoebe Brady, southerly by land of J. Richard Clough, Michael Callahan and Helena M. Hoy, westerly by Randolph Avenue, for the purpose of a public playground or recreation center; and, if so, to determine the conditions, if any, upon which

said land will be so accepted, and to determine the board, committee or commission which shall exercise the powers of the town in connection with the same; and act on anything else relating thereto.

Voted, To accept the gift of Dr. Walter A. Lane of the lot of land on Randolph Avenue comprising about 3.111 acres, bounded northerly by land of Ellerton James, easterly by land of J. Richard Clough, Michael Callahan and Helena M. Hoy, westerly by Randolph Avenue, for the purpose of a public playground or recreation center, under the provisions of section 14 of chapter 45 of the General Laws, and that the powers relative thereto conferred by said section shall be exercised by the Board of Park Commissioners, and that said land shall be known as "The Mary C. Lane Playground."

Article 43. To see if the town will vote to authorize the Park Commissioners to sell a parcel of land adjoining St. Agatha's Church, approximately 140 feet on Adams Street, depth 212 feet.

Voted, To authorize the Park Commissioners to sell a parcel of land adjoining St. Agatha's Church with a frontage on Adams Street not exceeding 130 feet, bounded on the east by the present boundary of the town land and on the west by a line parallel to said easterly boundary and on the northeast by the property of the New York, New Haven & Hartford Railroad Company.

Article 44. To see if the town will vote to authorize the Selectmen to sell the whole or any portion of the parcel of land on the southwesterly corner of Waldeck and Brook roads, containing 300 square feet, more or less, and to execute proper conveyance of same.

Voted, That the town authorize the Selectmen to sell the whole or any portion of the parcel of land on the southwesterly corner of Waldeck and Brook roads, containing 300 square feet, more or less, and to execute proper conveyance of same.

Article 45. To see what sum of money the town will vote to appropriate for pensions and annuities for the present year.

1. Police and firemen, section 85, chapter 32, General Laws.
2. Annuity, chapter 16, Special Acts of 1919.
3. Police and firemen's widows' pensions, section 88, chapter 32, General Laws.
4. Laborers' pensions, section 77, chapter 32, General Laws.
5. School teachers' pensions, section 42, chapter 32, General Laws.

Voted, That the following sums be appropriated for pensions and annuities for the present year:

1. Police and firemen.
   Voted, That the sum of $7,112.50 be appropriated.

2. Annuity.
   Voted, That the sum of $300 be appropriated.

3. Police and firemen's widows' pensions.
   Voted, That the sum of $1,200 be appropriated.

4. Laborers' pensions.
   Voted, That the sum of $6,016.06 be appropriated.

5. School teachers' pensions.
   Voted, That the sum of $425 be appropriated.

Article 46. To see if the town will vote to accept chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John J. Higgins of the Police Department.

Voted, That the town accept chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John J. Higgins of the Police Department.

Article 47. To see if the town will vote to enter into an agreement with the Trustees of the Eastern Massachusetts Street Railway Company to pay any part or all of any excess of the cost of service above the receipts on the line of said company operating between Milton Lower Mills and East Milton, and to raise and appropriate the sums necessary therefor; and to act on anything relating thereto.

Voted, That action under this article be indefinitely postponed.

Article 48. To see if the town will vote to authorize the appointment of a committee to represent the interests of the town in connection with any agreement with the trustees of the Eastern Massachusetts Street Railway Company which the town may make.
Voted, That action under this article be indefinitely postponed.

Article 49. To see if the town will vote to appropriate the sum of $800 for the use of the committee appointed by the town on the One Hundredth Anniversary of the Granite Railway, in setting up its commemorative program for October 12, 1926.
Voted, That the Committee on the One Hundredth Anniversary of the opening of the Granite Railway appointed by the town at the last town meeting be continued; that it be directed to recommend to the town at the annual meeting in March, 1926, a suitable memorial and exercises to commemorate the event.

Article 50. To see if the town will vote to lease to Milton Post 114, American Legion, for a period of five years, the Thacher School Building, under the provisions of section 9 of chapter 40, General Laws.
Voted, That action under this article be indefinitely postponed.

Article 51. To see if the town will vote to instruct the Selectmen to make rules and regulations subject to which the Thacher School Building shall be used by Milton Post 114, American Legion.
Voted, That no action be taken under this article, appropriate action having been recommended under Article 36.

Article 52. To see what sum of money the town will vote to appropriate for the use of the Thacher School Building by Milton Post 114, American Legion.
Voted, That action under this article be indefinitely postponed.

Enterprises and Cemeteries

Article 53. To see what sum of money the town will vote to appropriate for the extension of water mains the present year.
Voted, That no action be taken on this article as appropriate action will be recommended under Article 54.

Article 54. To see if the town will vote to appropriate a sum not exceeding $60,000 under the provisions of chapter 307, Acts of 1902, for the extension of water mains, and to raise and appropriate the same, and to act on anything relating thereto.
Voted, That $60,000 be appropriated for extension of water mains, and that for the purpose of raising said money the Treasurer be and he hereby is authorized in the name and behalf of the town, and under authority granted in and in compliance with the provisions of chapter 307 of the Acts of 1902 and other acts applicable hereto, to borrow a sum not exceeding $60,000, the same to be expended by the Board of Water Commissioners for the extension of water mains, and to issue bonds of the town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton Water Loan," and shall be payable as required by said chapter 307 of the Acts of 1902 and by section 19 of chapter 44 of the General Laws, so that the whole loan shall be paid in not more than thirty years from their date. They shall be sold at not less than the par value thereof, from time to time, by the Treasurer under the direction of the Water Commissioners, as the money above appropriated is needed. Each bond shall be in coupon form subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon.
(Unanimous vote.)

Article 55. To see what sum of money the town will vote to appropriate for the improvement of the cemetery the present year.
Voted, That the sum of $16,000 be appropriated.

Article 56. To see if the town will vote to ask the Legislature to pass a special act relative to Milton sewers so as to permit the Milton Sewer Commissioners to make

a charge for the use of the town sewers substantially as provided in a bill introduced into the Legislature by the Special Committee on Sewers appointed by the Moderator in March, 1924, now known as House, No. 453, and a copy of which is on file with the Town Clerk.

Voted, That action on this article be indefinitely postponed.

Interest and Maturing Debt

Article 57. To see what sum of money the town will vote to appropriate for interest and maturing debt for the present year.

1. Interest.
2. Maturing debt.

Voted, That the following sums be appropriated for interest and maturing debt for the present year:

1. Interest.
Voted, That the sum of $23,842.50 be appropriated.

2. Maturing debt.
Voted, That the sum of $48,000 be appropriated.

The following resolutions were presented to the meeting and were *unanimously accepted:*

Resolved, That the Moderator be authorized to appoint a committee of nine citizens, two from each precinct and one from the town at large, to consider the adoption by the town of representative town government, with authority in said committee, if it shall deem it advisable, to draft a bill embodying such legislation as the committee shall deem necessary and introduce the same into the General Court, requesting the General Court, however, to hold such bill in committee until the town has had opportunity to consider the provisions thereof in a town meeting, and to report to the Warrant Committee not later than January 1, 1926.

Committee appointed: William B. Thurber, Arthur H. Tucker, Roger Wolcott, James F. Ballard, Clyde L. Whittier, Lincoln Bryant, Hatherly Foster, Jr., James S. Gallagher and Kenneth D. Johnson.

This resolution was introduced by Mr. William B. Thurber.

Resolved, That the Moderator be authorized to appoint a committee consisting of four citizens, together with the Board of Fire Engineers, to consider the purchase of a hook and ladder truck.

Committee appointed: J. Henry Bourne, Lincoln W. Pierce, Charles E. Whelan and Albert R. Whittier.

This resolution was introduced by Ernest C. Soulis.

Resolved, That the thanks of the voters be extended to the Moderator for his admirable service as such.

This resolution was introduced by Mr. Felix Rackemann.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post offices of said town fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling houses of said town at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said seventh of March next.

Given under our hands at Milton, the eighteenth day of February, nineteen hundred and twenty-five.

Roger Wolcott,
Josiah Babcock,
Kenneth D. Johnson,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.

MILTON, March 3, 1925.

Pursuant to the within warrant I have notified the inhabitants of the town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

March 14, 1925, at 6.20 P.M. *Voted,* That the meeting be dissolved.

The foregoing meeting was opened March 7, 1925, at 5.45 A.M. by the wardens in the several precincts.

Attest.

G. FRANK KEMP,
Town Clerk.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

Milton, Mass., December 31, 1925.

To the Citizens of Milton.

The Board of Selectmen respectfully submits the following report for the year 1925.

The Board has consisted of the same members as last year, and has continued with Roger Wolcott as Chairman and Kenneth D. Johnson as Secretary.

Appointments

Howard S. Patterson was appointed to the Board of Fire Engineers in place of Ernest C. Soulis, James Purdon was appointed Art Commissioner in place of Eliot T. Putnam, and Mrs. Roderick Stebbins was appointed agent of the Board to distribute the income of the Mary L. Peabody Christmas fund among the poor of the town in place of Mrs. Lavina H. Brackett, who has done the work with efficiency for a number of years, but has felt unable to continue longer. In anticipation of a serious shortage if the present anthracite strike is long continued, James S. Russell was appointed Fuel Administrator on November 5. Under the vote of the town last March, abolishing the office of Auditor and establishing that of Town Accountant, the Board appointed Joseph H. Duffy. He has assumed the office without salary additional to his salary as Clerk of the Board, and because of his long experience in town affairs we believe that he will discharge his new duties most efficiently. Our other appointments will be found elsewhere in this book.

Licenses

The licensing of garages continues to occupy a good deal of our time, although the Board established last year to take charge of the licensing of one and two car garages has relieved us of a large part of our duties in this respect. The licensing of motor bus lines will be dealt with elsewhere in this report, but in passing it should be noted that since November, 1924, the Board has received, considered and acted upon thirteen applications.

Mrs. Mary C. Turner applied last January for permission to extend her store at the corner of Blue Hills Parkway and Oak Street 11 feet, 6 inches to the rear, and to replace a partition which had been in existence at the time of the adoption of the Zoning By-Laws under which the application was made. The matter was heard without opposition on February 13 and the application was granted. It subsequently appeared that the addition was being extended 5 feet, 3 inches further than the permit allowed, and because of this and of the fact that through some unexplained oversight the original hearing had not received the full fourteen days' notice required by the By-Laws, the Board ordered all work stopped on the building and advertised the matter for a rehearing on June 5. This was largely attended and strong opposition developed in the neighborhood. The Board thereupon denied the application on the ground that the petitioner had violated the terms of the original permit. Subsequently application was made under the Building By-Laws for permission to erect a dwelling house behind and over the store, but having no communication with it. Acting under the advice of the Town Counsel the permit was granted by the Inspector of Buildings. Thereupon a petition for a writ of mandamus was filed in the Supreme Judicial Court by a citizen of the town to compel the Selectmen and the Inspector of Buildings to revoke the latter permit. The case was heard by Mr. Justice Wait, who dismissed the petition, but at the request of the petitioner reserved the question for the Full Bench. Meanwhile Mrs. Turner applied for permission to move the rear partition of the store 8 feet back within the building. The matter was duly advertised for a hearing on the evening of December 18, but on the evening of the 17th came a telephone message from the petitioner, as a consequence of which the application was voted "Leave to withdraw at the request of the petitioner."

Law

The Board this year has tried the experiment of employing the Town Counsel on a fixed retainer, instead of paying him for opinions and other services as rendered. This experiment has proved a success.

Litigation for the enforcement of the Building By-Laws in Mattapan Park, on the southerly side of Blue Hill Avenue, has proceeded successfully. The town has secured decrees against a number of defendants ordering them to remove their buildings. Most of these decrees have been complied with, and the Board has ordered torn down four structures, the owners of which have not obeyed the orders of the court.

The General Outdoor Advertising Company has brought forty-three suits against the State Public Works Department on account of the department's demolition of advertising billboards. The suits are being defended by the Attorney General, who states that they will undoubtedly be carried to the United States Supreme Court. While this means a considerable delay, the question of the validity of the Massachusetts statutes and the Milton By-Laws will be settled by their decision. It seems wise to await the outcome of these cases without expense to the town rather than to begin litigation on our own account which would undoubtedly prove very expensive.

The Board retained Felix Rackemann to oppose in the Legislature two of the "hardy annual" bills to establish a Greater Boston at the expense of our municipal independence, and the bills were defeated.

The claim of the town against the Boston Consolidated Gas Company for causing the death of trees along Adams Street and Granite Avenue in East Milton has been settled for the amount claimed by the town.

The suit of the Bowes Construction Company against the town for return of a forfeit of $2,500, and the counterclaim of the town for failure of the company to make good its bid for the construction of the Tucker School has resulted in a finding in the Superior Court for the company in the sum of $2,500. Under instructions of the Board the case has been appealed to the Full Bench of the Supreme Judicial Court.

Highways

The winter of 1924–25 was an easy one for the Highway Department. The removal of snow was excellently done, and the damage by frost was small, making unnecessary the closing of the highways to heavy trucks at the time when the frost was coming out of the ground. These conditions also made easier the maintenance problem of 1925, and with exceptions with which the Board is thoroughly familiar the highways of the town are in very fair condition.

Permanent Construction. — The north roadway of Edge Hill Road was rebuilt from the end of last year's construction to the corner of New Street, a distance of 4,050 feet; the only unimproved section of Brush Hill Road, a stretch of 1,735 feet between Dana Avenue and Atherton Street was rebuilt, and Atherton Street was rebuilt from Canton Avenue to Blue Hill Avenue, a distance of 792 feet; 17,008 square yards of roadway were thus completed at an average cost of less than $1.18 per square yard, or 40 cents less than last year. When it is remembered that our appropriation was only two-thirds of the 1924 appropriation for this work, with which 19,000 square yards were rebuilt at a greater average cost, the Highway Department should receive credit for its work. Much more work remains to be done, and for 1926 we ask for $35,000, $5,000 more than the appropriation of 1924.

Sidewalks. — An increased appropriation for sidewalks has enabled us to construct practically all that have been asked for, as follows: Central Avenue, north side, from the westerly end of the High School to Brook Road; Central Avenue, south side, from the Police Station to Brook Hill Road, including curbing and enlargement of the culvert over Pine Tree Brook; Grafton Avenue, east side, from State to Curtis streets; Willoughby Road, west side, from Eliot Street to Blue Hills Parkway; Oak Street, south side, from Blue Hills Parkway toward Blue Hill Avenue; Houston Avenue, north side, from the end of the existing sidewalk to Dyer Avenue; a short stretch on Brook Road west of Blue Hills Parkway. This makes a total of 2,989.5 linear feet of granolithic walk, and in addition gravel sidewalks have been begun from the High School to the Brook Road Playground, on Randolph Avenue from Centre Street to Reedsdale Road, and on Pleasant Street on land generously given by Francis J. O. Alsop and the trustees of Cunningham Park.

Safety Measures. — All motor accidents reported to the Police Department have been plotted on a map of the town both in 1924 and 1925. In this way it is made

very clear which are the most dangerous crossings in the town. In general it may be said that they exist wherever there is a crossing of two streams of through travel. Where a road used principally by Milton people crosses a thoroughfare there are few accidents, and still fewer where two such local streams cross. The diagnosis is easy, but remedies are more difficult to find. On January 2 a flashing beacon was installed at one of the worst crossings, the intersection of Blue Hill Avenue with Dollar Lane and Milton Street. In addition visibility has been greatly improved at this point by grading down the corners of John Bartol and I. Tucker Burr, with their generous permission. In spite of these improvements the beacon has been struck several times in 1925, and eighteen accidents, more or less serious, have taken place. Mrs. Charles E. Guild has kindly allowed us to grade down her corner at Blue Hill Avenue and Atherton Street, and there has been a decrease in the number of accidents at that point. New beacons have been tried at the intersection of Randolph Avenue and Centre Street and of Canton Avenue, Reedsdale Road and Centre Street; the results of these are unsatisfactory. At the latter point a traffic officer has been stationed since the middle of October on Saturday afternoons and Sundays, since when some improvement has been noted. But the most successful safety measure adopted by the Board has been the installation of four glaring and unsightly signs, notifying travelers of a "Death Crossing," 300 feet away in each direction from the intersection of the worst corner in town, Randolph Avenue and Brook Road. There were 14 accidents at this point in 1924 and 15 before the middle of July, 1925, when the signs were installed. Since then there have been but two. In this case our prescription has been an undoubted success, although some citizens may feel that the remedy is as bad as the disease. It is planned to install modifications of these signs at other dangerous crossings in an attempt to lessen the wholly unnecessary but very serious damages to persons and property that have increased steadily at these points. While traffic officers are undoubtedly necessary at a few points in the town, the newest safety measures are everywhere chiefly of a mechanical kind, and these will be studied and installed as far as possible whenever they appear to offer equal protection at a lower cost than more traffic officers.

Two narrow and dangerous streets have been closed to trucks, Pleasant Street from Adams Street to Edge Hill Road, and Gun Hill Road. As required by statute confirmation of the action of the Board was sought from the Registrar of Motor Vehicles, and upon his refusal it was obtained on appeal to the Department of Public Works.

Street Signs. — The investigation of the street signs of the town by Arthur A. Shurtleff was completed and his report was filed in June. It contains valuable recommendations, some of which however are too expensive to be adopted immediately. The Department of Public Works is shortly to adopt a uniform system of signs for all the state highways, and is also at our request studying the special problems of Milton. It is recommended that all new signs hereafter installed shall follow the state system.

Traffic Problems. — Every member of the Board appeared at the legislative hearing in favor of the so-called Southern Artery Bill. This has become law, and preliminary work under it has begun. It is impossible to foretell how much traffic by this means will be by-passed around the town, but its completion will inevitably have a beneficial effect upon Milton traffic problems, especially in East Milton. Traffic conditions are growing steadily worse at the Mattapan Bridge entrance to the town, and the Board has requested the Metropolitan District Commission to make Blue Hills Parkway a one-way street in each direction. Unfortunately the Commission felt that there were legal obstacles to doing this. The bill which the Planning Board and the Board of Selectmen introduced into the Legislature for an investigation of the so-called Dedham–Braintree thoroughfare was defeated. The Division of Metropolitan Planning, however, is introducing into the Legislature of 1926 a bill dealing with the matter in another way, which will be as satisfactory to Milton as is possible with any large metropolitan improvement. Briefly stated it provides for the construction of the missing links in a thoroughfare running around Boston from Swampscott on the northeast to Marshfield on the southeast. In Milton the route will follow the Neponset River Parkway from Paul's Bridge across Blue Hill Avenue, thence through park land under Canton Avenue and skirting the northerly side of the Blue Hill Reservation to Unquity Road and across the meadows to Harland Street, following Harland and Forest streets and along the reservation to Randolph Avenue, near the Quincy line. By means of this route a second excellent by-pass will be provided around East Milton and Quincy.

Parking Regulations. — Parking congestion is steadily increasing at the Lower Mills and East Milton. The Board on June 5 adopted regulations in an attempt to improve

conditions. Some criticism of these has been made, but it should be borne in mind that they are the first attempt to deal with a new problem and can be amended whenever the need for amendment is clear.

Bridges. — The town in March, 1925, appropriated $600, the amount estimated by the engineers of the Eastern Massachusetts Street Railway for necessary repairs to the bridge over the Neponset River on Adams Street. In the spring we caused a careful survey to be made by the Boston Bridge Department and the Boston Bridge Company. According to their report much more extensive repairs are necessary than requested by the Street Railway, although we were advised that the bridge was probably perfectly safe until 1926. We are accordingly returning this year's appropriation to the town Treasury, and request an appropriation for 1926 sufficient to cover not only this bridge but also the repairs which will be necessary to the Granite Avenue Bridge.

Betterment Construction. — Upon the amendment last March of the Revised By-Laws to permit the construction under the Betterment Act of private ways for acceptance as town ways, the Board adopted regulations to govern the matter. Upon receiving petitions from the owners of 75 per cent of the land on Plymouth Avenue and Crown Street the Board voted to proceed with their layout for acceptance by the town at a special meeting to be called as soon as possible, and a considerable sum of money was spent in surveying. Thereupon, however, the owners of less than the required 75 per cent of the land on Plymouth Avenue were willing to sign releases of the property required for construction of the way, and consequently the Board decided it would be unjustifiable to hold a special town meeting for the acceptance of Crown Street alone.

Eliot Street. — This street is already an important thoroughfare between Mattapan and the Lower Mills, and with the impending electrification of the present Shawmut Branch of the New York, New Haven & Hartford Railroad, in all probability with an additional station between Central Avenue and Mattapan, the street will become still more important. It is laid out with a width of 50 feet from Blue Hills Parkway to the westerly end of Cliff Road, from which point it continues east at a width of 40 feet, with the exception of the reverse curve near Cliff Road, where it varies in width. James S. Russell has generously offered a strip 10 feet wide along his land on the southerly side of Eliot Street, and has suggested takings between his land and the westerly end of Cliff Road and across land to the eastward almost to Valley Road. These strips can be acquired at a moderate cost to the town, far less than their ultimate value for highway purposes. The Board is proceeding to lay them out and recommends their acceptance by the town.

Adams Street and Granite Avenue Corner. — Upon the removal of the building on the northeast corner of these two streets, the Board caused a survey to be made with the intention of recommending to the town a widening to improve traffic and safety conditions. This survey showed that by an old layout of the County Commissioners we could widen the corner 10 feet at the deepest point without further action by the town, and this will be done at a suitable opportunity.

Private Street Openings. — Openings in the streets of the town are permitted not only by the Highway Department but also by certain public service corporations, by the Water Department and by private contractors working under the supervision of the Sewer Department. These different agencies vary in the efficiency with which they replace the street surfaces, and the Highway Department is frequently obliged to do their work over again. It is recommended that an appropriation be placed at our disposal for private work by the Highway Department, similar to the private work appropriation of the Moth Department. This would be a revolving fund, in that it would be possible to require all street openings to be made and closed by the Highway Department, such work to be paid for in the first instance out of the private work fund, reimbursement for which when made by a department or individual would go into the town Treasury. With such an appropriation also the Highway Department when not otherwise occupied could do much useful work on unaccepted streets, private avenues, etc., which it is impossible to do now under the state system of accounting.

Public Transportation

The conferences between the Town Street Railway Committee, the New Haven Railroad and the Eastern Massachusetts Street Railway have proved a disappointment, whether because of jealousies between the two corporations, or, despite their assurances to the contrary, a reluctance to become interested in the affairs of a single

community, it is impossible to say. Probably the menacing development of motor busses and their own operating deficits have monopolized their attention to the exclusion of other matters. No improvements have occurred in railroad or street railway service, but the latter has been maintained despite the discontinuance of the town subsidy. The Milton regulations to control motor busses adopted last year by the Board have been a subject of study in conference with members of our Board by nine other towns lying south of us. It is cause for satisfaction that with minor amendments they are about to be adopted by all these towns. As already mentioned, thirteen applications for licenses have been received since November, 1924. As stated in our last report the position of the Board has been that where reasonably adequate transportation facilities already exist it is unwise to license additional means of transportation at the risk of crippling those already in existence. Acting upon this principle the Board up to last August licensed only two lines, — that of the Massachusetts Coach Company, operating from West Quincy along Granite Avenue to the Boston line, and that of the Eastern Massachusetts Street Railway Company, operating from Boston to Nantasket through Mattapan and East Milton. On July 29, however, Chapter 280 of the Acts of 1925 became effective. This law requires that a motor bus line must first secure a license from every municipality along its route, and then secure from the Department of Public Utilities a certificate that public convenience and necessity require its operation. In view of this new requirement a majority of the Board has felt that its original position should be modified, and where a petitioner could produce licenses from every other municipality that Milton would be playing the part of the dog in the manger if it refused the one remaining license necessary to enable the petitioner to seek the certificate of public convenience and necessity from the Department of Public Utilities. On this principle licenses have been issued to the American Coach Company and the New England Transportation Company, both for Boston–Brockton and Boston–New Bedford runs. Neither of these licensees has as yet received a certificate from the Commonwealth. The Board is unanimous in its belief that in the absence of Federal legislation as to interstate bus operation, with only the merest beginning of state regulation, with the many problems of traffic congestion, permanency of operation of busses during periods of bad weather and financial depression, and with the unknown but undoubtedly severe effect of bus competition on railroads and street railways, all public officials should go very slow in committing their communities to a new means of transportation that may prove a broken reed to lean upon.

Police Department

Because of reports which had come to the attention of the Board a thorough investigation of the affairs of the Police Department was conducted in January and February. As a result of this investigation various changes have been made in the Department. It was found that the regulations had not been revised since 1896, that few copies of the old manual were in existence, and that the force was poorly instructed in regard to it. After a careful study of the manuals of Boston, Brookline and several other towns in our vicinity, a new manual was prepared and adopted on April 10. Among its important provisions are —

A requirement of weekly reports from the Chief to the Board, covering everything of importance for the previous seven days.

A provision following that of several other municipalities and providing that where an officer is absent from duty on account of ordinary sickness or injury, not suffered in the performance of his official duty, he shall receive half pay for lost time. This rule is not popular with the men, but is liberal as compared with the conditions of business employment.

The installation of a system of accounting for the mileage, gasoline and oil of the motors of the Department.

The establishment of a fixed tariff for paying details.

An additional Ford car and a second motorcycle have been added to the equipment of the Department, and during the summer a new arrangement of routes was ordered, whereby certain foot routes were combined into motor routes, thereby releasing patrolmen for other purposes and increasing the mobility and the unexpectedness with which the Department does its work.

A new police signal box has been ordered installed on Randolph Avenue at Tucker Hill, at a point where there was too long an interval between existing boxes.

In accordance with the votes of the town in March, Officer John H. Higgins has been retired and Francis T. Hanna appointed to the force, the latter being the first man on the civil service list. The force remains at 31 men, and no increase is recommended.

Owing to the increasing danger from automobiles it has been found necessary to stop coasting on Thacher Street, but the children of Mattapan have been well provided with safer coasting places on private land by the courtesy of Geoffrey G. Whitney on Highland Street and Amor Hollingsworth on Brush Hill Road.

Following the practice of former years a number of the members of the Milton Post of the American Legion have been appointed Special Police, and this year their public spirit has been turned to good account by the performance of voluntary traffic duty on July 3 and 4 and Labor Day and the Sunday which preceded it. This service was of marked effect in reducing the number of motor accidents on days when our roads were crowded. Post members also took part in the search for one of our citizens who disappeared in the closing days of November. Such services as these are practical and valuable manifestations of the "sense of individual obligation to the community" which is one of the purposes of the Legion as set forth in its preamble.

Miscellaneous

Edison Conduit. — Since our last report by the location granted by Quincy the Edison conduit reached the Milton line on Adams Street. This strengthened the company's case for a location through Adams Street in East Milton, although by a second petition filed with us last spring the company accepted our location through Brook Road from its junction with Adams Street, Randolph Avenue, Russell Street, Canton Avenue and Brook Hill Road to the Central Avenue bridge. We again referred the matter to the Planning Board in an attempt to secure a reasonable by-pass around Adams Street in East Milton. We adopted their recommendation, but our location was declined by the company, which appealed to the Department of Public Utilities. After a thorough hearing of the facts the Department granted the company the location which it sought, but gave the Board discretion as to the location within the street limits on Adams Street, and also imposed all the conditions which we requested. The company has at length installed the conduit with comparatively little interruption to traffic, and has restored our sidewalks and streets in what at present appears to be a most satisfactory way, although the company will be held liable in any case where the fill settles hereafter.

Thacher School. — By vote of the town under Article 36 of the March, 1925, warrant, the Board was instructed to use the Thacher School Building as an administration building, and to provide quarters therein for the Water Department, the Sewer Department and the Milton Post of the American Legion. No appropriation was made for this. We found that the building would have to be reshingled, and this was done by the lowest bidder at a cost of $825, which was secured from the reserve fund. Minor repairs to the furnaces and plumbing have also been necessary, the latter of which have been attended to by the Water Department. The Legion has taken over its new quarters, which are well suited to its needs, but the Sewer Department has notified us that it does not wish to move from its present quarters in the Town Hall. The Water Department also did not want to move until the expiration of its current lease, and now reports that extensive alterations in its portion of the building will be necessary before it can be occupied. We recommend the reservation of a room in the building as an office for the Board of Health, and recommend that the care of the building be placed in the hands of the Water Department, which will occupy by far the largest portion of it, with the necessary adjustments in the appropriations of any other departments which may move in to take care of their share of the expense.

State Audit of Accounts. — Purely as a measure of self-protection the Town Accountant has requested the Board to ask for an audit of the accounts of the town by the State Director of Accounts. The Board has done this and recommends the adoption of a by-law providing for such an audit annually. The officials of the town are honest, and we have no fear of any such disclosures as have been made this year in several other cities and towns. An expert outside audit however is the regular custom in every business corporation, and is equally desirable in a municipal corporation with the complicated financial transactions of the modern large town.

Town Hall Heating Plant. — Despite a higher estimate the town made an appropriation of only $1,850 for a new hot-water heating system in the Town Hall. The Board sought bids from several reliable concerns, and the plant has been installed by the lowest bidder at a cost of $2,025, the balance being paid from the Selectmen's appropriation.

Census. — Under a new law the Selectmen were this year charged by the state with the duty of taking the state census in Milton. The matter was placed in the hands of the Assessors, who were at the time making their rounds of the town, and the census was satisfactorily taken by them at a cost of $516.60.

Cunningham Gravel. — In 1901 the town agreed with Mr. and Mrs. Caleb L. Cunningham, in part consideration for a strip of their land for the construction of Brook Road, to deliver to them 1,200 cubic yards of loam. Only a small amount of this was ever delivered. This year Mr. and Mrs. Cunningham made demand for the discharge of the town's obligation, but agreed to accept 1,500 cubic yards of gravel instead of the loam, which would have been not only very expensive but very difficult to secure. Three hundred cubic yards of this have been delivered from the trench of the Edison conduit, leaving a balance of 1,200 cubic yards, which must be delivered under our agreement before November 1, 1926. The town has no supply of gravel, and it is estimated by the Superintendent of Streets that it will cost about $2 per cubic yard delivered. An appropriation is therefore requested to enable the town to discharge this obligation of twenty-five years' standing.

War Memorial. — The committee appointed by the town to provide a memorial to the men of Milton who died in the World War completed its work on November 8, when the memorial was turned over to the town and accepted by the chairman of the Board. It is a work of strength and great beauty which will be a source of sober pride and an inspiration to our people in the years to come.

In closing this report of a second busy year, we wish to thank the many town officials and private citizens who have cordially helped us in the performance of our duties. Milton is now of city size, and presents in many respects the problems of a rapidly growing city. It is our hope that these problems may always be solved under a town form of government, modified only so far as may be made necessary by the increasing number of our citizens.

Summary of Recommendations

That all new street signs follow the state system.
An appropriation for extraordinary repairs to bridges.
Acceptance of the widening of Eliot Street.
An appropriation for private work by the Highway Department.
That the Water Department assume the care of the Thacher School Building.
That the Board of Health be assigned quarters in the Thacher School Building.
The adoption of a by-law providing for an annual state audit of the town accounts.
An appropriation to discharge a debt to Mr. and Mrs. Caleb L. Cunningham.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

REPORT OF ASSESSORS OF TAXES

MILTON, MASS., January 1, 1926.

To the Citizens of the Town of Milton, Mass.

The Assessors of Taxes hereby submit their annual report for the year 1925.

At the annual town meeting held for the election of town officers, Clarence Boylston was re-elected to the office of Assessor for the ensuing term.

On March, 1925, the Board organized as follows: William W. Churchill, Chairman, Charles H. Horne, Secretary, Wallace C. Tucker, Clerk for the Board.

Assistant Assessors were appointed as follows: Percy A. Horne, Frank H. Rein and Evelyn N. Smith.

By act of the State Legislature the Assessors were required to take the quinquennial State census under the supervision of the Census Bureau of this Commonwealth. This work was accomplished with the aid of specially appointed enumerators.

We urge every person liable for taxation in this town to file a sworn statement with the Assessors of all their taxable property which *shall include* real estate and personal property of whatever nature liable for taxation here. The prescribed forms can be obtained by application either by mail or in person at the office of the Assessors in the Town Hall, Milton, Mass.

The population of the town as made by the enumerators on the State census is 12,861.

The population of the town as made by the Assessors themselves for the year ending April 1, 1925, is 12,779.

Other statistics are as follows:

Total number of dogs	700
Total number of horses	134
Total number of cows	321
Total number of sheep	25
Total number of swine	62
Total number of fowls	1,400
Total value of fowls	$1,400
Number of persons liable for military duty	2,174
Number of dwelling houses assessed	2,635
Number of acres assessed	6,218
Amount used of national bank tax	$5,337 19
Amount used of business and public service tax	$17,076 19
Amount used on account of State income tax and Public School Reimbursement Fund	$108,327 14
Amount voted by town	$20,000 00
Estimated receipts of town	$38,437 44

Taxes assessed in the Town of Milton, 1925

Valuation of personal estate	$3,248,340 00	
Valuation of real estate	24,388,275 00	
		$27,636,615 00
Tax rate $23.80 per $1,000 (total tax)		$657,751 44
Town tax, plus bonds, less assets	$535,967 93	
State tax	43,080 00	
Fire prevention tax	177 54	
County tax	34,021 99	
South Metropolitan sewer tax	19,301 45	
Metropolitan parks tax	14,343 57	
State highway tax	1,481 53	
Metropolitan Planning Board tax	168 46	
Charles River Basin tax	2,530 43	
Overlay	6,678 54	
		$657,751 44

Additional Taxes

3,536 poll taxes at $2	$7,072 00	
Local sewer tax and interest	3,196 52	
Local gypsy moth tax	182 80	
Local sidewalk tax and interest	567 00	
28 additional poll taxes at $2	56 00	
December tax levy	818 72	
		$11,893 04
		$669,644 48

Respectfully submitted,

WILLIAM W. CHURCHILL,
CHARLES H. HORNE,
CLARENCE BOYLSTON,
Assessors.

REPORT OF BIRD WARDEN

MILTON, MASS., December 31, 1925.

To the Citizens of the Town of Milton.

I beg to submit to you my report as Bird Warden for the year 1925.

There was no appropriation and there are no accounts to be submitted.

I wish to report that my observations during the past year show that there has been a noticeable increase among a number of the common birds usually to be found within the town. On the other hand, I believe that a number of species are less numerous, and several of the rarer birds which have been here in small numbers appeared to be absent altogether from their usual haunts.

The starlings and English sparrows (neither of which are protected by law, as they are regarded now by the Department of Agriculture as being pests) have increased, and I recommend to the citizens of the town who are interested, that those birds should be shot or trapped and disposed of by those citizens who have the wish and opportunity to help in this matter.

It is desirable, where feasible, to preserve a number of natural shelters for the native birds in different parts of the town. It is probable that the diminution of bird life which I have had to report for several years is largely due to the extensive clearing away of brush and natural covers on many estates which formerly offered suitable cover.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

REPORT OF TRUSTEES OF MILTON CEMETERY

To the Citizens of Milton.

The Trustees report as follows for the year 1925.

There were 141 interments, of which 85 were from out of town; 37 new lots were finished, and 39 taken by residents; no lots were sold to non-residents. Nine single graves were taken by residents. There were placed under perpetual care, 31 lots and 4 single graves.

The development of the grounds east and south of the soldiers' lot has been well carried through this year and has added to the beauty of the cemetery.

Lots, in increasing number, are being taken by residents, as the construction of new houses brings into the town new families. Undeveloped land in the cemetery will care for the need for the next few years, but the citizens of Milton should bear in mind that additional land must be purchased at a not very distant date.

PERCY E. SHELDON, *Chairman.*
REGINALD L. ROBBINS, *Treasurer and Secretary.*
THOMAS K. CUMMINS.
ELLERTON P. WHITNEY.
ASAPH CHURCHILL.
THOMAS W. POND, *Superintendent.*

REPORT OF FIRE ENGINEERS

January 11, 1926.

To the Honorable Board of Selectmen, Town of Milton, Massachusetts.

Gentlemen: — The Board of Fire Engineers herewith submits its report for the year ending December 31, 1925.

Alarms

There have been 233 alarms of fire, as follows: bell alarms, 65; telephone, 155; Boston, 13.

Boston has responded to Milton 25 times.

Alarms during the Year

January	11	July	16
February	13	August	12
March	39	September	17
April	36	October	8
May	16	November	22
June	14	December	29

Classification

Automobiles	23	Garage	1
Barn	1	Grass	56
Brush	54	Needless	10
Chimney	17	Out of town	16
Cordwood	1	Railroad station platform	1
Dump	22	Rubbish	1
Dwellings (frame)	8	Store (brick)	1
Dwellings (stucco)	2	Store (wood and stucco)	1
False	8	Silent policeman	1
Fence	1		

Services rendered for Calls Other than for Fires

Family locked out, ladder to second story window.

Family away, gas left burning under heater, house filled with steam. Entered second story window and shut off gas.

House filled with smoke.

Rescued cat from tree.

Released man from under overturned automobile.

Call for pulmotor.

Property at Risk

Value	$516,000	Net loss	$4,808
Fire loss	13,861	Loss per capita	1.09+
Insurance paid (claim for $4,715 additional pending)	9,053		

Work Performed

Feet of hose laid	12,150	Feet of ladder raised	506
Rubber covers spread once.		Gallons of chemical used	1,359½
Miles traveled	1,102.3		

Permits issued

Out-of-door fires	1,659	Explosive	113
Inflammable fluid	33	Fireworks	9
Fuel oil	19		

Inspections

There were 156 inspections made of stores.

New Boxes installed

Box 74, Squantum and Pine Grove streets.
Box 132, Dyer Road and Harold Street.
Box 143, Brook Road and Brush Hill Road.
Box 644 has been purchased and will be shortly installed at Brook Road near Governor Road.

Apparatus

All the apparatus is in excellent condition though not new, and this last fact must be kept in mind when considering future needs.

Ladder No. 1 and Hose No. 4 were both overhauled during the year.

Stations and Equipment

The stations are all in good condition, but are in need of a few minor repairs. Sundry small articles of equipment have been purchased from time to time, and all are in excellent condition and ready for instant use. The bell tower on Blue Hill Avenue has just been shingled, and should not need further repairs for some time to come. A shed in the rear of the Central Station needs repairs, and we have asked for $575 in our budget to cover the necessary expenditure.

Appointments

On April 30 Mr. Howard S. Patterson was appointed to the Board, succeeding Mr. Ernest C. Soulis, who retires from the Board with a most commendable record.

Personnel

It is with the deepest regret that this Board reports the death of two callmen, which occurred during the year. These men have long served the town faithfully and with a marked devotion to duty.

Callman A. M. D. Robson, appointed 1897; died December 5, 1925.
Callman J. A. Ewell, appointed 1888; died July 20, 1925.

To fill the places of these two men, the Board has appointed Robert M. Park and William C. Gustafson, as callmen.

Discipline

The discipline of the entire Department has, on the whole, been excellent. One or two minor infractions of the rules and regulations have taken place. The offenders have been heard by the Board and have been punished. Callman B. F. Murray, Jr., was given a public hearing before the Board for conduct detrimental to the character, morale and efficiency of the Department. Callman Murray was found guilty and discharged from the Department.

Rules and Regulations

Under date of November 17, 1925, the Board issued a new manual of Rules and Regulations for the government of the Department.

Recommendations

At the last town meeting, a resolution was passed for the appointment of a committee to consider the needs of the Fire Department. This committee has made its report to the town, recommending certain additional equipment and men. The need of these additional permanent men is most apparent, and we wish to impress upon all the citizens of the town the vital necessity of a sufficient appropriation to make possible the additions recommended.

It is almost unnecessary to bring before the public again the fact that the town has been and is growing very rapidly, and that such growth must produce increased fire risks through increase in population, congestion in certain areas, two families living under one roof, and other elements appurtenant thereto. Such risk can only be met by increased fire-fighting facilities, both in equipment and personnel. This increase must necessarily involve an expenditure of money, and the citizens of the town must understand and be prepared to make such appropriations when they are needed. Any other course will be fatal to the proper protection of lives and property that the public are rightfully entitled to.

The members of the Board trust, therefore, that the citizens of the town will see the necessity of serious thought and consideration by all of this problem which is of such vital importance to them.

We wish to thank the Police Department for their co-operation during the year. Their help at fires is most necessary owing to the increasing number of automobiles on our roads.

The Board at this time takes great pleasure in extending its sincere thanks to all members of the Department for the earnest co-operation and splendid spirit shown by them upon all occasions.

Respectfully submitted,

J. HARRY HOLMES,
F. ELLIOT CABOT,
HOWARD S. PATTERSON,
Board of Fire Engineers.

REPORT OF LICENSING COMMISSION

MILTON, MASS., December 31, 1925.

To the Honorable Board of Selectmen.

GENTLEMEN: — The Licensing Commission respectfully submits the following report for the year ending December 31, 1925.

There have been 346 inspections made on locations for garages, 50 public hearings held, and 321 licenses issued. One applicant was given leave to withdraw his petition.

J. HARRY HOLMES, *Chairman,*
G. E. BURT,
JOSEPH H. DUFFY, *Clerk,*
Licensing Commission.

REPORT OF TREE WARDEN

Milton, Mass., December 31, 1925.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Tree Warden Department of this town for the past year.

Trimming

The wind storms during the year just past did more damage to the trees in the town than has been done for several years, and involved considerable extra expense for their trimming or removal.

Planting

It has been necessary to curtail the policy of the Department of planting 100 trees each year on the public property, owing to lack of funds. Only six trees were planted during the past year.

Insects

The situation in regard to the general infestation of injurious insects is about the same as during the last two years. The Satin moth has increased. The tent caterpillar also has increased, but the elm leaf minor and elm leaf beetle have decreased.

Sawmill

The sawmill again shows a profit and is very useful to the Department for handling its work.

Plans for Next Year

We believe that the policy of the Department of planting and trimming should be continued and that more trees should be planted than has been possible during the last two years.

Appendix A

Trees planted:	
Norway maples	6
Trees removed	27

Appendix B. General Account

Appropriation for public work	$6,000 00
Expenditures	5,982 22
Balance reverting to Treasurer	$17 78

Appendix C

Appropriation for private work	$5,000 00
Receipts from private work	3,375 07
Amount reverting to Treasurer	$1,624 93

Sawmill Account

Credits

32,982 feet of lumber sawed @ $10 per 1,000 feet	$329 82	
Receipts for cordwood	336 50	
Receipts for sawdust	57 00	
Lumber sold — elm	54 98	
Lumber sold — oak	25 20	
		$803 50

Expenses

Cost of electricity	$184 50	
Cost of labor	198 70	
		383 20
Credit balance		$420 30

Respectfully submitted,

RALPH E. FORBES,
Tree Warden.

REPORT OF MOTH SUPERINTENDENT

Milton, Mass., December 31, 1925.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Moth Department of this town for the past year.

Suppression Work

The amount of creosoting for gypsy moths carried out during the past year was about the same as the previous year. I do not think I can report that the infestation has diminished, however.

I am glad to be able to report again that the brown-tail moth appears to be diminishing and the probable infestation is even more slight than last year.

Labor

The cost of labor has ranged the same this year as last, at $4.50 to $4.75 per day.

Equipment

I regret to report that the equipment is considerably exhausted. The 1914 Packard truck has been so used up as to be useless. One of the 1913 Packard trucks can only be kept in repair by using the parts of the other one to repair it, as it is no longer possible to purchase parts for these trucks from the Packard Company.

Plans for Next Year

We believe it desirable to plan to do the usual amount of creosoting and spraying the coming year.

Appendix A

Inventory of Property of Moth and Tree Warden Departments

1 1913 Packard truck with sprayer body	$500 00
1 1914 Packard truck with sprayer body	1,500 00
1 G. M. C. truck with sprayer body	2,100 00
1 Ford truck	250 00
1 Ford coupé	650 00
Spraying hose	950 00
Tools of all kinds (including field supplies)	450 00
Buildings and equipment	6,500 00
Office equipment	200 00
Total	$13,100 00

Appendix B. General Account

Appropriation	$6,000 00
Expenditures	5,990 28
Balance reverting to Treasurer	$9 72

Appendix C. Private Account

Appropriation	$5,000 00
Private receipts	2,244 66
Amount reverting to Treasurer	$2,755 34

Respectfully submitted,

RALPH E. FORBES,
Local Moth Superintendent.

REPORT OF BOARD OF HEALTH

Milton, Mass., December 31, 1925.

To the Citizens of Milton.

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1925.	1924.	1923.
Chicken pox	81	157	23
Diphtheria	1	7	13
German measles	24	5	7
Lobar pneumonia	9	2	14
Measles	88	217	10
Mumps	12	6	97
Scarlet fever	23	32	26
Tuberculosis (pulmonary)	9	16	7
Tuberculosis (all other forms)	3	2	2
Typhoid fever	–	–	3
Whooping cough	44	7	109
Influenza	–	–	4
Encephalitis lethargica	–	2	2
Ophthalmia neonatorum	–	–	1
Cerebrospinal meningitis	2	1	2
Suppurative conjunctivitis	1	–	–
Malaria	1	–	–
Dog bite	1	–	–

The Board organized March 10, 1925, with Dr. Withington, Chairman; Dr. Forbes, Secretary. The following appointments were made: Agent, Dr. A. W. Draper; Inspector of Plumbing, L. E. Young; Deputy Inspector of Plumbing, B. F. Murray; Registrar of Vital Statistics, G. F. Kemp; Inspector of Milk, P. S. Burns; Inspector of Slaughtering, Dr. A. W. Draper. The permit for cleaning cesspools was given to A. B. Snow, and the contract for collecting ashes and garbage was awarded to S. G. Craig.

Owing to the illness of Dr. Draper, Dr. Harris Kennedy was appointed Acting Agent, and the thanks of the citizens are due him for much needed help during this time. The Board and the citizens of Milton suffered the loss of a faithful and efficient public servant by the death of Dr. Draper. The Board caused to be spread upon its minutes and sent to the bereaved family a suitable resolution in recognition of Dr. Draper's long and faithful service. On April 16, 1925, Dr. Paul W. Kimball was appointed Agent, with the understanding that the Agent should assume full responsibility for milk inspection. Authority was given the Agent to delegate the actual collecting and examination of milk to any suitable person. Under this arrangement Mr. Burns continued to act as Milk Inspector.

Owing to the prevalence of rabies in the early spring a ruling was made that all dogs must be restrained for ninety days or muzzled unless they had been inoculated with anti-rabic serum. The Board offered to give free inoculations of anti-rabic serum, and many citizens availed themselves of this offer. As a result of this treatment only one or two deaths of dogs from rabies were reported and no persons were reported suffering from dog bite which required anti-rabic treatment.

The Schick tests and prophylactic treatment for diphtheria were carried out as usual this fall. About 100 people were tested. The decline in the number of cases of diphtheria reported during the past three years appears to be significant, especially as the population has shown a large increase during that time.

One hundred and twenty-five permits for connecting houses with the common sewer have been issued during the year. The Board through the town counsel successfully prosecuted a property owner who had persistently refused to connect with the sewer.

There are about sixty known cases of tuberculosis in the town. In co-operation with and at the request of the State Department of Public Health, the Board employed a nurse to check up all these cases and to see that none were being neglected and that proper precautions were being taken in each case so that they should not be a menace either to those in immediate contact with them or to the general public. The Board proposes to carry on this follow-up work each year.

The Board itself and through its agent has made a study of places used for dumping refuse and ashes, both in this and in adjoining towns. As a result of this study the Board has come to the conclusion that the control of dumps should be in the hands of some public authority which can protect the public as well as the owner of the land. The Board has been fortunate in obtaining the hearty co-operation of Selectman Babcock and Mr. Michael Gibbons, who are the owners of the land which is being used for the main dumping places at the present time, and with their permission has designated such lands as "Board of Health dumps," and has forbidden all dumping thereon except in accordance with the rules of the Board. Mr. S. G. Craig has been designated by the Board to see that these rules are followed. It is hoped to dispose of much of the combustible material by burning daily, and keeping the dumps leveled and in a more sightly as well as sanitary condition. The Police Department will co-operate with the Health Board in preventing trespassing by unauthorized persons, and the citizens of the town are requested to assist by forbidding their children to go upon, or to play on or about, the dumps.

The Board wishes to take this opportunity to commend to the citizens the work being done by the contractor, Mr. Craig. The Board feels that the town is fortunate in having a man who is constantly on the job and supervising the work of his men. Mistakes are made and complaints are received, but the Board has found Mr. Craig ever ready to rectify such errors and to meet its wishes more than half way. Analysis of complaints received shows that they are due mainly to two causes: first, failure of citizens who have been away from home to notify the contractor that they have returned and have material to be disposed of; and second, sickness of men on the route which necessitates substitution of new men who do not know the route. In this case Mr. Craig goes with the new men, but it must be obvious to the public that the men doing this work are not always of a mental caliber which quickly grasps the whole situation, and mistakes are inevitable.

Respectfully submitted,

J. S. LINCOLN,
ALEXANDER FORBES, M.D.,
PAUL R. WITHINGTON, M.D.,
Board of Health of Milton.

REPORT OF COLLECTION OF ASHES AND GARBAGE

MILTON, MASS., January 1, 1926.

To the Board of Health.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1925. There have been collected 418 truck loads and 3,291 double loads of ashes and 331 cords of garbage.

Yours respectfully,

SAMUEL G. CRAIG.

REPORT OF GENERAL CONTRACTOR

MILTON, MASS., January 15, 1926.

To the Board of Health.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1925.

3 vaults cleaned.
41 cesspools cleaned.
46 loads removed from same.

Yours respectfully,

ALVAH B. SNOW.

REPORT OF INSPECTOR OF MILK

DECEMBER 31, 1925.

To the Board of Health.

GENTLEMEN: — During the year 1925 there were issued 45 licenses to sell milk or cream and 7 dealers were registered to sell oleomargarine. Thirty-four of the licenses cover the sale of milk and cream which has been pasteurized, and 11 are for the sale of milk and cream from cows that have been tuberculin-tested and maintained in accordance with the State and Federal regulations. The milk has been of good quality with relatively high butter fat and relatively low bacterial content.

Respectfully submitted,

P. S. BURNS,
Inspector.

REPORT OF INSPECTOR OF PLUMBING

MILTON, MASS., January 2, 1926.

To the Honorable Board of Health, Milton, Mass.

GENTLEMEN: — Herewith I submit report of the Department of Inspection of Plumbing for the year ending December 31, 1925.

MONTH.	Number of Permits.	Valuation as per Applications.
January	24	$16,235 00
February	19	11,075 00
March	40	17,880 00
April	31	14,630 00
May	38	31,986 00
June	39	20,225 00
July	44	37,192 00
August	23	17,080 00
September	51	31,703 00
October	38	20,382 00
November	34	21,165 00
December	37	17,865 00
Totals	418	$257,418 00

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF INSPECTOR OF SLAUGHTERING

MILTON, MASS., December 31, 1925.

To the Board of Health.

GENTLEMEN: — No animals were passed for food during the year 1925.

Respectfully submitted,

PAUL W. KIMBALL,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS

MILTON, MASS., January 1, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my annual report for the year ending December 31, 1925.

I inspected 65 stables and premises where cattle and swine were kept, and found all in good sanitary condition, meeting requirements of light, space, ventilation, etc.; gave physical examination to 463 cows, 19 young, 6 bulls, 42 sheep, 187 pigs and 1,027 hens; and quarantined 7 dogs and 87 hens.

Respectfully submitted,

JAMES SPENCER,
Inspector of Animals.

REPORT OF INSPECTOR OF BUILDINGS

MILTON, MASS., January 2, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my report for the Building Department for the year ending December 31, 1925.

MONTH.	Permits for New Dwellings.	Permits for Alterations.	Permits for Garages.	Permits for Other Buildings.	Valuation.
January	19	4	12	1	$151,325 00
February	17	6	8	1	113,324 00
March	26	8	33	–	188,355 00
April	40	9	28	–	310,845 00
May	31	8	22	–	381,075 00
June	29	10	32	–	406,850 00
July	39	15	49	3	459,906 00
August	30	11	26	–	276,960 00
September	24	13	24	4	201,410 00
October	27	12	41	1	225,560 00
November	14	7	35	–	117,540 00
December	23	6	18	–	175,250 00
	319	109	328	10	$3,008,400 00

Making valuation as per applications $3,008,400.

Respectfully submitted,

G. E. BURT,
Inspector of Buildings.

REPORT OF SUPERINTENDENT OF WIRES

MILTON, MASS., January 6, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith present the report of the Department of Wires for the year ending December 31, 1925.

This Department has supervision of the fire and police signal system, also inspection of all buildings equipped with electric light service and all poles and wires on town streets.

Interior Wiring

	1924.	1925.
Certificates issued for light and power	549	504
Number of inspections	962	1,172
Number of incandescent lights wired for	10,731	10,932
Number of motors installed	25	31
Total horse power	60	32⅛
Number of electric heaters and ranges installed	51	41
Total watts	128,550	118,820

Radio

All outside antenna wires must be protected by a lightning arrester.

Any one wishing a copy of rules concerning radio installation may have same by notifying the Wire Department.

Automobile Equipment

The automobile used by the Superintendent of Wires is now going on to its fourth year of service and is in very poor condition, also the truck used by the Wire Department is in bad shape, being too light for the work required of it.

I therefore recommend that both automobiles be replaced by new ones.

Fire and Police Signal Systems (Overhead and Underground)

Four fire alarm boxes have been installed by this Department at the following locations: Box 74, Squantum Street and Petersburg Avenue; box 153, Dyer Avenue and Harold Street; box 143, Brook Road and Brush Hill Road; and box 151, changed from Tucker School to Oak Street; 6,200 feet of No. 10 covered iron wire and 29 cross-arms were used for these installations.

Eighty-two defective cross-arms were replaced in the various sections of the fire and police signal system.

Three thousand seven hundred and fifty-four feet of defective underground fire and police signal cable were repaired on the following streets: Randolph Avenue, from Pleasant Street to Reed Street; Randolph Avenue, from Hutchinson Street to Adams Street; Adams Street, from Churchill Lane 700 feet east; and on Adams Street, from Dudley Lane to fire box No. 62.

For the maintenance of the Wire Department I have requested an appropriation of $9,148.68.

Respectfully submitted,

E. E. CHOATE,
Superintendent of Wires.

REPORT OF PARK COMMISSIONERS

Milton, Mass., January 21, 1926.

To the Citizens of the Town of Milton.

The Park Commissioners herewith present their report for the year ending December 31, 1925.

Superintendent John L. Kelly has given the various plots of land under our supervision their usual care, and the arrangement in force for the past two years with the Milton Yacht Club for the care of the Town Landing has been continued satisfactorily. Another section of wire fence at the town field has been completed, and all of the playground equipment put in good condition for the approaching season.

The skating rink on the town field has been in constant use to the point of crowding, and we feel the necessity of limiting the skating to young children in the near future.

A contour map of the entire field has been made by an engineer, and all new equipment and facilities will be placed under direction of playground authorities.

Attendance at summer activities, under the leadership of Mr. Aaron H. Yeaton, Miss Flora Douglas and Miss Isabel De Witt, has grown much during the past year. The usual program of instruction was carried out, two trips to Nantasket made by busses, and two evenings weekly given to baseball under competent supervision. The physical aspect and playing facilities at the ball field have been much improved by a new back-stop and new grandstand, both set farther back from the playing field.

The vote of the town authorizing the Commissioners to sell a part of the East Milton playground to St. Agatha's Parish was found to be legally insufficient for the purpose. The sale has not been completed and further vote of the town will be obtained at the next town meeting.

Our program for 1926 does not require quite as much money as in the past two years for ordinary expenses, owing to the completion of needed minor improvements, but attention was called in last year's report to unsightly and unsanitary conditions at the town field, which have had our attention to a great degree this year. We ask for an appropriation for a field house embodying all the needs now apparent, at a cost to the town of $10,000. We are unanimously satisfied as to the necessity of this building, and believe that the townspeople as a whole will approve of it after due consideration.

The appointment of a special commission for consideration of the future playground needs of the town is recommended.

Respectfully submitted,

WM. G. RODD, *Chairman,*
MALCOLM DONALD,
CLYDE L. WHITTIER,
Park Commissioners.

REPORT OF POLICE DEPARTMENT

Milton, Mass., January 8, 1926.

To the Honorable Board of Selectmen.

Gentlemen: — I herewith submit the report of the Police Department for the year ending December 31, 1925.

Roster of the Department

Chief — James R. Travers. *Deputy Chief* — Timothy McDermott.

Sergeants

Norman R. Bowman.
John B. Shields.

Patrolmen

George P. Bertram.
Robert J. Blake.
William H. Byrnes.
Thomas J. Callahan.
Richard F. Chamberlain.
John A. Chamberlain.
William H. Coghlan.
James J. Dalton.
John W. Dalton.
Joseph F. Duggan.
John P. Driscoll.
Patrick H. Donahue.
Andrew J. Donahue.
William S. Fallon.
Fred M. Farrington.
James J. Foley.
John J. Haley.
Francis T. Hanna.
William D. Kearney.
William J. Kelly.
Edward F. Lee.
Francis J. Lynes.
Thomas J. Lynes.
Frank H. McDermott.
Timothy A. McDermott.
Michael J. Murphy.
James J. Parrell.

Clerk — Anna Healy.

John H. Higgins, after serving twenty-six years as a patrolman, was pensioned March 20 on account of disability, and Francis T. Hanna was appointed April 13 to fill the vacancy.

Arrests

Total number of arrests	755
Males	743
Females	12
Residents	43
Non-residents	712

Causes of Arrests

Buildings found open and secured or owner notified	101
Buildings broken into	20
Cases investigated by officers	1,557
Capias served	1
Dead bodies found	1
Defective hydrants and pipes reported	6
Defective sidewalks and streets reported	101
Defective wires	22
Defective trees	13
Defective bridges	6
Defective poles	4
Disturbances suppressed	5
Dogs killed	4
Fire alarms given by officers	10
Houses reported vacant and special attention requested	201
Lost children restored	26
Lanterns placed on streets	34
Lights reported out	840
Milton writs served by other departments	477
Number of writs served for other departments	203
Number of search warrants for liquor served	4
Number of gallons of liquor shipped to Federal agents	15
Nuisances reported	4
Number of officers attending fires	231
Officers detailed for public service	79

Officers detailed at request of citizens	394
Runaway horses stopped by officers	4
Stray teams found and put up	1
Street obstructions reported and removed	2
Solicitors driven out of town	14
Amount of stolen property reported	$4,591 61
Amount of stolen property recovered	1,836 26

Motor Service

In order that one of the sergeants could properly cover the town at night and keep in touch with the officers, a Ford runabout was purchased in March. It is used for patrol work during the day also. A new motorcycle was purchased in May and put in operation chasing automobile violators and doing traffic work in general.

The motor equipment now consists of two Ford autos, two Harley-Davidson motorcycles, one White combination ambulance and patrol wagon and a Reo touring car. The Reo has been used constantly in taking the place of the patrol wagon on investigations, and has reached the point where it needs constant repairs. The Reo was purchased in March, 1924, and I recommend a new auto to replace it. All motors are in use practically night and day.

Crime

Several houses have been entered during the year. Some were entered while the people were at dinner and others while they were absent from the house, and valuable jewelry and silver was stolen, very little of which has been recovered to date. Reports from other police departments show that 1925 has been a very unsuccessful year to recover stolen property because very little is being pawned. Our town has not suffered badly in comparison with the surrounding municipalities.

During the year two houses were raided for liquor, but evidence was obtained in one only and owner of same was prosecuted.

Traffic

Many accidents have occurred this year, three of which were fatal. Signs have been erected at dangerous crossings, streets have been marked and everything possible has been done toward the prevention of accidents.

There are four fixed traffic posts. The regular traffic officer who should be at the Academy is there mornings only, and is used elsewhere during the day. The work done by the traffic officers speaks for itself on account of the few accidents occurring at their posts.

I recommend the appointment of two officers for traffic duty at the Academy and at the junction of Canton Avenue and White Street on account of the serious accidents occurring at those points.

On several occasions the American Legion special police officers volunteered their services for traffic duty which helped to reduce the accidents at the dangerous crossings throughout the town.

Discipline

In April a new police manual was given to each member of the Department and to the special police. Both regular and special officers were given instructions regarding the rules. Since the adoption of the manual, the rules have been strictly enforced and the discipline in general has been very good. A few of the officers violated some of the rules and were reported to the Selectmen who substantiated my report.

Conclusion

I wish to extend my thanks to the Milton Post, American Legion, Boy Scouts, fraternal organizations and citizens who assisted the Department in the search for a missing citizen.

To the Justices, Clerks and Probation Officers of the District Court, and to the Honorable Board of Selectmen my thanks are due and are hereby tendered; also to all other town departments for their co-operation. I desire to express my deep appreciation for the excellent service rendered by the members of the Department.

Respectfully,

JAMES R. TRAVERS,
Chief of Police.

REPORT OF BOARD OF PUBLIC WELFARE

To the Citizens of Milton.

The Milton Board of Public Welfare has the honor to present the report for the year 1925. It was with great regret that the Board accepted the resignation of Mrs. Brackett as visitor to take effect January 1, 1926. She will, however, always retain her interest in the work and will continue to help the Board with her wide knowledge of the town and her wise advice. Mrs. Stebbins, as a member of the Board, has temporarily assumed Mrs. Brackett's duties without salary. Mr. Albert Rounseville continues to act as agent.

Owing to the sudden death on January 8, 1925, of Mr. Eldredge, superintendent of Town Farm, it was necessary to appoint a new superintendent and matron. The Board sought the advice of Mr. Francis Bardwell, Inspector of Almshouses of the Massachusetts Department of Public Welfare, and with his enthusiastic recommendation Mr. and Mrs. Edgar A. Chase were appointed to fill the vacant positions. Mr. and Mrs. Chase were employed at that time at the Town Farm in Winchendon, and two members of the Board visited them there before the appointment. They began their work in Milton March 1.

The appropriation of the town last year was $15,000, and there was a needed transfer from the Reserve Fund of $137.37.

There reverted to the treasury of the town from all sources $3,528.38. The net cost was therefore $11,608.99.

The expenditures at the Town Farm were $5,376.30. There reverted to the town in receipts $990.82. The net expense was $4,385.48.

The inmates at the Town Farm January 1, 1925, were seven, two of whom were boarders, who left about March. One other inmate was removed June 6 to Taunton State Hospital for the Insane. One was removed November 9 to Tewksbury State Infirmary because she needed hospital care.

On January 1, 1926, there were three inmates at the Town Farm.

Respectfully submitted,

HORACE N. PLUMMER, *Chairman.*
HUGH McCUE, *Secretary.*
FREDERICK CHASE.
CHARLES W. ROLLINS.
EDITH E. STEBBINS.

REPORT OF TRUSTEES OF THE MILTON PUBLIC LIBRARY

MILTON, January 14, 1926.

To the Citizens of the Town of Milton.

The Trustees of the Milton Public Library present their statement for the year 1925 and would call the attention of the citizens to the accompanying report of the Librarian.

This report indicates a useful year and states the significant fact that while the town has increased in population 36 per cent during the last five years, the increase in the circulation of books from the library has been 31 per cent in the same period. This shows that the new residents of Milton are quick to appreciate what the library has to offer them.

While the Trustees realize that a portion of the circulation of the library includes fiction which may be classed as entertainment, they wish to call attention to the large circulation of fiction of importance and of books of serious and educational value. The library is fulfilling its twofold purpose as a source of instruction and of legitimate entertainment.

The work with children and with foreigners through the Americanization class is especially to be commended.

The Mattapan Branch continues to be overcrowded. As was indicated in the report of last year, some radical improvements in the service of the library in this district will be required in the near future, with a proportionate increase in expense.

The Trustees ask for an appropriation for 1926 of $19,920, of which $17,235 is for the use of the library and $2,685 is for repairs and renovation at the central building.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman,*
FRANK E. LANE, *Treasurer,*
RODERICK STEBBINS, *Secretary,*
ALEXANDER McADIE,
ARTHUR S. PIER,
ROBERT SALTONSTALL,
ROGER L. SCAIFE.
FREDERIC M. STONE,
ARTHUR H. TUCKER.
Board of Trustees, Milton Public Library.

REPORT OF LIBRARIAN

January 12, 1926.

To the Trustees of the Milton Public Library.

I have the honor to submit my report for the year ending December 31, 1925.

A walk or ride today in any direction within the town limits tells an observer one and the same story, — that Milton is growing rapidly. That this growth is evidenced by the work at the library is shown by the circulation for the past year, which has reached the highest figure in our history. During the year just ended we have issued for home use 112,295 books, a gain of 8,263 over last year. The per capita circulation, however, has dropped from 10.4 to 8.7, owing to the fact that we are using as a basis the 1925 state census, which gives to Milton a population of 12,861, against 9,382 in 1920. It is interesting to note that during these five years the town has gained 36 per cent in population, while the library has increased its circulation by 31 per cent. Of the total circulation 46,218 has been from the Central Library, 55,943 from the branches, and 10,134 through the house to house delivery service.

Splendid work has been done at all of the branches. An amount and quality of service is being rendered to the town by the assistants in charge which cannot be measured by words.

At Russell Reading Room there has been a small gain in circulation. In a community whose population does not vary from year to year, the usefulness of a branch is not gauged wholly by statistics, but the extra hours which are voluntarily given on Saturday afternoons during the winter months, the cheerful little Christmas tree with its small gift for each child coming in on Christmas Eve, tell a story of more importance than a large increase in circulation.

At East Milton a gain of 1,451 is evidence of a busy year. The total circulation of 25,222 is the largest in the history of the branch. A swinging sign has been placed over the door on Edge Hill Road, and we hope it will guide some of the new residents to the somewhat blind entrance.

For the fourth consecutive year I bring to your attention the crowded condition of the Mattapan Branch. This branch was opened twenty-five years ago. The floor space at that time was at least twice as large as that in our present quarters. The circulation for the first year was 3,705, an average of 11 a day; that of 1925 was 27,335, an average of 84. This means that 73 more books were circulated daily in 1925 than in 1900. The increase over last year is 3,178; over five years ago, 5,251. Every indication points to a still greater growth of population in this district, and should the work of the branch continue to expand during the next five years as during the past five, we shall be facing in 1930 a problem that will be difficult to cope with under present conditions.

Mattapan needs a new branch library. When will Milton supply this need?

The Mattapan Branch is by no means the only crowded department of the library. When we moved into the present building in 1904 from the cramped quarters of what is now the Blue Hill National Bank, it seemed as though years would pass before we should outgrow the then seemingly spacious rooms. A few years only had passed when we began to feel the need of more shelving space, and now the stacks are filled to their utmost capacity. For the last fifteen years there has been a continual move from one section to another. We have moved books little used to the basement; we have used the tops of the stacks, places never intended for the shelving of books and accessible only by way of a stepladder. We have filled the East Room with bound periodicals; volumes from the Children's Room have been placed in the catalogue room and in the basement, and still the moving process continues every few months, as new volumes are added to the library, demanding more shelving space. During December some relief was obtained by placing shelves in the Reception Room. Here are shelved the children's books which had taken up so much valuable working space in the Catalogue Room, and other books have been moved from the Children's Room, thus relieving to some extent the congestion in that room. This condition is serious enough in itself, in that it is difficult to put away or locate books, but it also creates an untidy appearance in the stacks, which is much to be regretted.

There has been a gain of 1,222 in circulation in the Children's Room. The figures have fluctuated in this department, there being a large gain during the first six months, but a corresponding loss during the summer. An interesting experiment was made in November, during National Scout Week, when, at the request of the Girl Scout Council of Milton, two scouts were scheduled each day for work at the library. These girls put away books, revised shelves, worked on school deposits and were of definite help. Their spirit was splendid, and we hope the experiment will be made another year. In the spring the children had the rare privilege of having in the Children's Room a letter written by Queen Victoria, when a child of seven, to Lady Huntly, thanking her for the "two pretty ponies you were so very good to send me on my birthday." This letter was loaned by Miss Mary Bowditch Forbes.

Not for several years has there been such a large number of books added by gift and by purchase to the Milton Collection. I sometimes wonder if the townspeople realize how valuable this collection is. One room of the building is devoted to this group of books, and here are housed all volumes, pamphlets and magazine articles pertaining to Milton, about Milton people, and those written by the men and women who either are now living in the town, or who have lived here in the past. This room also contains as complete a set of town documents as it has been possible for us to gather together. This year the collection has been increased by adding to it books, pamphlets and magazine articles written by Mr. Arthur Stanwood Pier, Mr. Roger Wolcott, Miss Annie Kimball Tuell, Mr. Walter S. Hinchman, Mr. Leonard M. Patton, Rev. Roderick Stebbins, Prof. Ellsworth Huntington, Dr. Alexander McAdie, Miss Elinor Whitney, Mr. Frederick H. Osgood, Mr. William L. W. Field, Rev. Vivian T. Pomeroy and Prof. John C. Scammell.

Modesty sometimes prevents an author from calling attention to books or articles which he may have written, and it is quite possible to overlook material which would be a valuable addition to this collection. The librarian would be glad to be told of any material which will make the Milton Collection more complete.

One Sunday afternoon in January Dr. Harris Kennedy addressed an audience in the Historical Room on the total eclipse of the sun. This was a hastily arranged meeting, with little publicity, yet Dr. Kennedy spoke for an hour to a group of people which taxed the seating capacity of the room. Many people who had given little thought to taking a trip into the eclipse area were inspired to make the journey after hearing Dr. Kennedy's delightfully informal talk on the wonderful phenomena to be seen.

In July, Miss Pauline F. Becker of East Milton, a Simmons College student, was assigned to our library for practice work. During the two weeks that she was with us Miss Becker showed initiative, a willingness to help and a splendid conception of the spirit of service.

It is with much regret that we report continued mutilation of books. This is not a condition peculiar to Milton, for all libraries are faced with the same problem. While many libraries find the mutilation going on among all classes of books, our peculiar difficulty has been with the art books, and so serious has this become that it has seemed wise to put a locked gate on the alcove which shelves the fine arts.

The Americanization Class made its annual visit to the library one evening in November. This is a happy occasion that is enjoyed equally by the class and by the library staff. More and more these young men and women are using the library, and are taking out books which will help them to learn English rather than books in their native languages. A very tangible evidence of their appreciation of what the library is trying to do has been shown by gifts of post cards and pictures of Italy and the Madeiras from Mr. Louis Gregis and Mrs. Mary Marks.

The townspeople continue their generous giving to the library. Books, magazines and pictures have been given by Dr. M. V. Pierce, Dr. Harris Kennedy, Mrs. George Cushing, Mrs. Charles W. Lillie, Mrs. Norton Wigglesworth, Mrs. Robert Haydock, Mrs. Philip P. Chase, Lauriston L. Scaife, 2d, Mrs. Strafford Wentworth, Mr. Roger L. Scaife, Mr. Nathaniel T. Kidder, Mr. Walter S. Hinchman, Miss Ellen Cushing, Mrs. Alfred C. Redfield, Mrs. Geoffrey S. Whitney, the estate of Benjamin F. Harding, Mr. Leonard M. Patton, Mr. Robert Herrick, Mrs. Edward C. Williams, Mrs. H. Clifford Gallagher, Mr. James S. Russell, the Columbine Book Club, Mrs. Sherman Ramsdell, Miss Alice Cushing, Mrs. Charles H. Williams, Miss Amy Brewer, Mrs. Louis A. Coolidge, Dr. George T. Tuttle, Mr. Roger Wolcott, Mr. Louis Gregis, Mrs. Mary Marks, and Miss Isabelle Whittier. One book came from Constantinople from one of our old friends, Mrs. Cornelia Huntington Damon. Miss Mary B. Forbes presented us with a framed copy of the address delivered by Louis A. Coolidge on February 12, 1925, at the Lincoln Cabin.

There have been nine exhibits in the Art Room during the year, including the second annual exhibit by the artists of Milton, etchings by Lester G. Hornby, portrait drawings by Frederick Wallace, pastels by Bert Poole, paintings in oil and water colors by Susan Higginson Nash, S. Gilchrist Sykes, Dorothy Stanley Emmons, Alice F. Tilden, and Foreign Travel Posters loaned by Isabelle Whittier. Miss Whittier very generously gave to the library at the close of the exhibit all posters that had not been sold.

Once more I wish to thank the Trustees for granting me a six weeks' leave of absence during the summer, because of ill health, and to express my gratitude to members of the Central and branch staffs for their kindly help and consideration during this period.

Respectfully submitted,

CARRIE S. ALLEN,
Librarian.

FINAL REPORT OF TUCKER SCHOOL BUILDING COMMITTEE

DECEMBER 23, 1925.

To the Honorable Selectmen, Town of Milton, Massachusetts.

GENTLEMEN: — I herewith submit final report of the New Tucker School Building Committee.

Total amount appropriated	$265,400 00
Total amount drawn by vouchers	262,811 36
Balance revert	$2,588 64

The New Tucker School has been completed and turned over to the School Committee and accepted by them.

		$2,597 83

FRANK E. LANE,
Treasurer.

REPORT OF THE SEWER COMMISSIONERS

January 1, 1926.

The Board of Sewer Commissioners make the following report of operations of the Sewer Department during the year ending December 31, 1925.

General

Population by census of 1925	12,861
Estimated length of streets of the town (miles)	55
Percentage of length provided with sewers	36.9
Method of disposal	Metropolitan system

Collection Mains

	For Sewage.	For Sewage and Surface Water.
Linear feet of pipe (measured)	108,346.9	700 [1]
Linear feet extended during year:		
By town	2,898.0	–
By private parties	649.1	–
Number of inverted syphons	1	–
Number of manholes	491	–
Number of storm overflows	1	–
Number of emergency overflows	1	–
Number of automatic pumping stations	1	–

[1] Storm overflow.

House Connections

Number made during year	117
Number of stoppages coming to the notice of the Department	14

Discharge of Sewers

Estimated population using sewer system	8,400
Number of buildings connected	1,585

Financial

Total cost of collection mains to December 31, 1925	$264,435 26
Bonded debt at date	$30,000 00
Rate of interest on bonds	4%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The extensions made during the year were as follows:

By the town: Central Avenue, 491.3 feet; Maple Street, 200 feet; Eliot Street, 169.8 feet; Plymouth Avenue, 394.8 feet; private land, from Churchill Street to Decker Street, 207.5 feet; Decker Street, north from private land, 206.5 feet; Decker Street, south, from private land, 230.6 feet; and Pine Tree Brook Trunk Sewer, through private land, 997.5 feet.

By private parties, extensions were made connecting with the town sewers as follows: Governor's Road, south of Edge Hill Road, 250.7 feet; Governor's Road, north from Brook Road, 148.4 feet; and Garden Street, 250 feet.

Betterment Assessments

In accordance with the vote of the town passed at the annual town meeting of March, 1925, the Sewer Commissioners have materially increased the rate of assessment for betterments resulting from sewer construction. They have adopted a procedure in this matter which they feel will keep the assessments in line with the costs as measured by the cost of sewer construction during the five years just prior to the year in which the sewer in question is built.

FREDERIC A. EUSTIS,
STANLEY CUNNINGHAM,
FRED Y. MARSHALL,
Board of Sewer Commissioners.

REPORT OF SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 1, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1925.

Number of scales, weights and measures sealed	758
Number condemned	2
Number of scales and weights found incorrect and adjusted	12
Number of measuring pumps, 65; 250 stops	275

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF SUPERINTENDENT OF STREETS

MILTON, January 19, 1926.

To the Honorable Board of Selectmen, Milton, Mass.

GENTLEMEN: — I herewith submit the report of the Street Department for the year 1925.

During the winter the removal of snow and ice from the streets and sidewalks was carried on in the usual manner. The spreading of sand during the icy periods on sidewalks and streets is increasing each year, and requires the storage of a great amount of sand for this purpose. Widening of dangerous curves and corners and improving the road surfacing was given special attention during the year.

Owing to the favorable weather conditions, extensive repairs were made on all the main highways early in the season, thereby saving a great deal of maintenance work usually done later in the year. All the street widening work that had been under construction during the preceding year was completed, but there is a great amount of this kind of work to be done in every section of the town.

Permanent Construction

While the appropriation for permanent construction was reduced from $30,000 to $20,000, the amount of work accomplished was very satisfactory.

The appropriation was expended as follows: Atherton Street from Canton Avenue to Blue Hill Avenue, Brush Hill Road from Dana Avenue to Atherton Street, and on the northerly side of Edge Hill Road, from Pleasant Street to Grafton Avenue:

	Cost
Atherton Street:	
792 lineal feet 3,323 square yards	$6,020 73
Edge Hill Road:	
4,050 lineal feet 8,250 square yards	9,684 97
Brush Hill Road:	
1,735 lineal feet 5,435 square yards	4,293 33
	$19,999 03

Appropriation	$20,000 00
Expenditures	19,999 03
Revert	$0 97

General Maintenance

The appropriation for general maintenance, which has to meet the expense of all the various kinds of work for the year, was expended as follows:

Snow and ice	$7,244 65
Oiling and sanding	7,615 57
Bridges, fences and signs	1,692 21
Street cleaning	6,049 57
Office expense	1,587 83
General road repairs	17,909 77
Drains and catch basins	3,300 61
Tar patching	10,156 12
Traffic signs and beacons	994 86
Plant and equipment	9,479 07
Miscellaneous highway work and repairs	952 82

Street Widenings

Central Avenue	$263 39	
Milton Street and Blue Hill Avenue	257 21	
Gun Hill Street	231 00	
Blue Hill Avenue and Atherton Street	217 39	
Adams and Pleasant streets (resurfacing)	1,486 71	
Pleasant Street	377 87	
		2,833 57

Resurfacing of Streets

Metropolitan Avenue	$2,061 05	
Dyer Avenue	2,694 53	
		$74,572 23
Appropriation	$75,184 92	
Expenditures	74,572 23	
Revert	$612 69	

Permanent Sidewalk Construction

This appropriation was expended as follows:

Central Avenue sidewalk and bridge at Brook Hill Road		$920 08
Brook Road, west from Blue Hills Parkway (one-half cost)		97 44
Houston Avenue at Dyer Avenue (240 lineal feet)		150 50
Central Avenue at High School (404 lineal feet)	$510 00	
Brook Road gravel walk at High School	450 34	
		960 34
Grafton Avenue, north side from State Street (712 lineal feet)		1,213 09
Oak Street, south side from Blue Hills Parkway (535 lineal feet)		995 16
Willoughby Road, west side Eliot Street to Blue Hills Parkway (703½ lineal feet)		480 10
General repair work		182 76
		$4,999 47
Appropriation	$5,000 00	
Expenditures	4,999 47	
Revert	$0 63	

Granite Avenue Bridge

Pay roll	$2,455 05	
Fuel, lights, printing, etc.	239 04	
		$2,694 09
Appropriation	$2,800 00	
Expenditures	2,694 09	
Revert	$105 91	

Widening Central Avenue at Brook Hill Road

Balance of appropriation	$35 00
Expenditures	35 00

Inventory

Plant and equipment at town yard, Randolph Avenue:

Stable and equipment	$16,500 00
Steam rollers	6,500 00
Motor equipment	10,500 00
	$33,500 00

In concluding this report, I wish to extend my sincere thanks to your Honorable Board for your assistance and advice during the year, also to the citizens of the town for their co-operation and suggestions.

Respectfully submitted,

EDWARD A. McCUE,
Superintendent of Streets.

REPORT OF BOARD OF WATER COMMISSIONERS

Milton, Mass., January 16, 1926.

To the Citizens of the Town of Milton.

The Board of Water Commissioners submits herewith its annual report.

At the town meeting on March 14, 1925, a prepared statement by your commissioners was read, and because it deals with problems that are still with us, and because they are important, we are including extracts from this statement as a part of our annual report for this year so they may become a matter of public record.

Extracts from Statement by the Water Commissioners, read at the Town Meeting of March 14, 1925

"The statement that we, as Water Commissioners, are officially advising the town that the Department is self-supporting, needs explanation. It is only so to the extent that during 1924 the Department did finance from earnings, interest and retirement charges on all outstanding water bonds and paid operating costs.

"This was possible only with the town's appropriation of $9,000 for hydrant service. This lump sum has always been paid to the Water Department for water used for community purposes. If the Department is to operate on the present basis this appropriation of $9,000 must be continued.

"The Enabling Act, under which you run the Water Department through your Commissioners, directs that any deficit be made up either by an increase in water rates or by a direct tax levy; therefore, as a practical matter, and regardless of what is appropriated as hydrant service, you pay the cost of operating this Department.

Extension of Water Mains

"We ask authority to issue bonds to finance needed extensions to the system. These extensions are of two kinds: those necessary to supply water to homes, and extensions to reinforce the system so that all our homes may be properly protected against fire.

"The Enabling Act allows the Department to spend not more than $10,000 per year from its earnings for extensions to the system. If this sum was sufficient in 1902, when the act was passed, clearly it is too small today because of the shrunken value of the dollar and the present rapid growth of the town. Hence the necessity of issuing bonds.

"In 1921 the Board of Fire Underwriters advised the selectmen that the water supply in Mattapan and East Milton was inadequate, and suggested remedies which seemed costly. Your Commissioners, recognizing that danger, engaged consulting engineers to examine the system, who confirmed the underwriters' report, but proposed remedies that were less expensive.

"In 1922 the consulting engineers considered the conditions serious and urged completion of reinforcements as recommended within five years. Less than one year's program has been done.

"In February, 1925, the same engineers reviewed the matter and reported that the town's recent growth made the situation still more serious and referred to the existing conditions as a "makeshift."

"It is to protect us all from the increasing fire hazard of these rapidly growing areas that your Commissioners unanimously recommend gradual reinforcement of the water system. The Department can finance from earnings the reinforcements planned for 1925.

"This problem touches you all in your homes, and much as your Commissioners are in sympathy with economy, they are in duty bound to urge what they believe is for your permanent good."

The passage of ten months with continued rapid increase in population has in no way changed the facts given in the statement of the Water Commissioners read at the town meeting of last year.

Report of Activities for the Calendar Year 1925

1. Operations, 1925

Operating receipts	$77,828 51		
Operating expenses	43,681 01		
Net operating revenue		$34,147 50	
Interest	$6,001 96		
Bond retirement	12,250 00		
Total fixed charges		18,251 96	
Net earnings			$15,895 54
Earnings spent for extension of mains (maximum allowed by Enabling Act, $10,000)			10,000 00
Surplus earnings available for interest and retirement of additional bonds as of December 31, 1925			$5,895 54

The information in the following table compares the conditions of 1902 and the last five years:

	Number of Fire Hydrants in Use.	Number of Services (Meters) in Use.	Miles of Main in Use.	Cubic Feet of Water purchased.	Population April 1, by Assessors.
1902	266	1,000	35	15,873,596	7,100
1921	421	2,248	54	19,642,246	10,176
1922	434	2,395	56	21,275,535	10,630
1923	445	2,577	57	22,080,615	11,295
1924	467	2,837	60	26,277,406	11,950
1925	496	3,161	64	29,471,791	12,779

At the close of 1925 fifteen persons were regularly employed by the Department, which is conducted economically and efficiently.

2. The 1925 Business

Earnings increased over 1924, which up to that time had been the largest in our history. The net increase in services was 324 as compared with 260 in 1924, and 3,194,385 cubic feet of water were used in excess of the 1924 consumption.

The population continues to increase, and this requires both extensions to and reinforcements of the system.

3. The 1925 Program

The extensions and reinforcements to the water main system as contemplated for 1925 have been completed substantially as planned.

We expect to be in our new quarters in the Thacher School Building during the current year.

4. Financing for 1926

We have estimated our needs for extensions to and reinforcements of the water main system in 1926, which we think should be secured through a bond issue. We believe the Department's earnings will provide the money necessary for interest payments and retirements of these bonds, together with those now outstanding, and have introduced articles in the town warrant accordingly.

Respectfully submitted,

MARCY L. SPERRY,
EDWARD E. FORD,
EDWARD L. HURD,
Board of Water Commissioners.

Statement of the Financial Condition of the Water Department on December 31, 1925

Assets

What the Department Owned

(1) Plant $671,219 25

This includes all of the water works property belonging to the town which is being operated by the Water Department. It consists of street mains; services, meters for measuring water used; gates for the control of water supply, and hydrants for fire protection; general equipment such as air compressor, Leadite equipment, pipe machines, forges, etc., used in construction work; automobiles and trucks; and office equipment, such as typewriter, adding machine, desks, filing cabinets, etc.

(2) Cash 7,829 84

The amount held by the Town Treasurer to the credit of the Water Department, subject to withdrawal only by warrants of the Commissioners, plus a small cash fund which is maintained in the offices of the Department for defraying minor expenses.

(3) Savings bank deposits 8,414 28

These deposits are made by consumers whose homes are in new territory. The money is held in the Milton Savings Bank as a guarantee to the Water Department of an adequate return for five years on the investment made to give such consumers water service. Satisfactory collateral in lieu of cash would be considered by the Commissioners.

(4) Accounts receivable 23,858 77

The amount owed to the Water Department by residents and others for water supplied, services, installations, or for miscellaneous items.

(5) Materials and supplies 10,652 03

The value of supplies such as iron pipe, pipe fittings, valves, repair parts, etc., on hand.

(6) Suspense 6,057 15

Automobiles — Cost of one Ford truck, one Autocar and one G. M. C. truck purchased in 1925 . . . . . $5,907 15

Automobiles Abandoned — Cost of Ford truck retired from service 150 00

Final disposition to be made of above items has not yet been determined.

(7) Interest paid in advance 694 45

Prepaid interest on note for $50,000 held by bank, which becomes due May 1, 1926.

Total assets $728,725 77

Liabilities

What the Department Owed

The Department accounts for money used to provide your water system as follows:

(8) Bonds outstanding $142,000 00

The Department is responsible for the property represented by these bonds.

In 1902 bonds were issued for $312,000. Since that time $242,000 of these bonds have been retired, leaving bonds outstanding of this issue amounting to $70,000.

Bonds amounting to $50,000 were sold in 1924. Of this issue $2,000 have been retired. Balance is included in this item.

Par value of bonds sold in 1925 was $25,000, of which $1,000 were retired, the balance being included in this item.

The property represented by the bonds retired is included in the next two items.

(9)	Town of Milton	$239,675 55
	The total net money provided by the town for extensions to the system or for bonds retired by the town at maturity.	
(10)	Milton Water Works	236,693 70
	The Department's earnings invested in the system or returned to the town for bond retirement.	
(11)	Accounts payable	305 08
	This amount represents current bills for supplies or services not yet due.	
(12)	Notes payable	50,000 00
	Temporary bank loan to provide funds for additions to plant. Note to be paid when bonds, whose issuance has already been authorized by the town, are sold.	
(13)	Consumers' guarantee on main extensions	8,414 28
	The guarantees appearing in the assets (Item 3) as pledged by consumers in new territory are held only as a trust, and therefore cannot be used for Department purposes unless forfeited. To offset this item, which must be accounted for in the statement of assets, there must be again shown a like amount as a liability for which the Department is responsible to those who have pledged it.	
(14)	Sale of water — minimum advance	6,927 56
	Advance payment of minimum charges made by the consumers were credited to this account and are being reduced as the water is used.	
(15)	Interest accrued	1,265 84
	This is interest accrued on bonds outstanding.	
(16)	Reserve for bond retirement	6,583 34
	$13,000 par value of water loan bonds become due and payable each year. These payments are now being made from the earnings of the Department, and this amount represents that portion of these $13,000 bonds payable in 1926 which is applicable to the year 1925.	
(17)	Suspense	40 00
	Salvage on automobiles abandoned. Amount allowed at time Ford truck was retired from service. Final disposition to be made of this item is not yet determined.	
(18)	Retirement reserve	5,000 00
	Amount set aside from surplus to build up a reserve against which will be charged the original cost less salvage of property retired from service due to having become worn out in service, obsolescence, or for other causes.	
(19)	Surplus	31,820 42
	The book value of the Department property exceeds its obligations by the amount of this surplus.	
	Total liabilities	$728,725 77

REPORT OF PLANNING BOARD

MILTON, MASS., January 18, 1926.

To the Citizens of Milton.

Your Planning Board submits the following report for 1925.

The duties of a Massachusetts planning board are purely advisory and contemplative.

Pine Tree Brook

From Pope's Pond to Brook Road this stream, sluggish most of the time, meanders through the Mattapan section, offering a breeding place for mosquitoes, and carrying the threat of a slum district in the near future.

Last March you authorized a taking by the town of some 14 acres along this stretch of the brook, and appropriated $5,000 towards its improvement, coupled, however, with the condition that the land should be given. This was not done, and the effort failed. We may ask for action again next March.

Edison Conduit

At the request of the Selectmen we helped secure as satisfactory a route through the town as possible.

Zoning

Last spring we engaged Arthur C. Comey to study our present zoning by-law and suggest improvements.

In his opinion the time has come to forbid further building of two-family houses, except in our business zones; and to demand enough space around single houses to prevent unhealthy crowding. We agree with Mr. Comey, and feel that only prompt action will save Milton from being swamped with the sort of thing which has ruined Roxbury and Dorchester.

Appropriation

A considerable portion of the $3,700 voted last March has been returned to the town treasury, and we are asking for somewhat less this year.

Respectfully submitted,

JAMES S. RUSSELL, *Chairman.*
DAVID A. HEFFERNAN, *Secretary.*
JESSE B. BAXTER.
W. LAWRENCE MURPHY.
ARTHUR H. TUCKER.

G. FRANK KEMP,
Collector.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1925 . . . . . $63,629 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15–18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

Jason Reed Cemetery Fund

Amount held December 31, 1925 . . . . . $2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1925 . . . . . $6,781 47

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

. . . . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1925 . . . . . $5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

JOSEPH H. DUFFY,
Town Accountant.

REPORT OF AN AUDIT OF THE ACCOUNTS OF THE TOWN OF MILTON FOR THE YEAR ENDING DECEMBER 31, 1925

MADE IN ACCORDANCE WITH THE PROVISIONS OF CHAPTER 44, GENERAL LAWS

STATE HOUSE, BOSTON, February 9, 1926.

To the Board of Selectmen, Mr. ROGER WOLCOTT, *Chairman, Milton, Massachusetts.*

GENTLEMEN: — I submit herewith my report of an audit of the books and accounts of the town of Milton for the year ending December 31, 1925, made in accordance with the provisions of chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Examiner of this Division.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

REPORT OF THE STATE CHIEF EXAMINER

Mr. THEODORE N. WADDELL, *Director of Accounts, Department of Corporations and Taxation, State House, Boston.*

SIR: — As directed by you, I have made an audit of the accounts of the town of Milton for the year ending December 31, 1925, and submit the following report thereon:

The financial transactions of the town as recorded on the books of the several departments were checked and compared with the reports and records in the town accountant's office.

All books and accounts in the accountant's office were examined and checked in detail, the recorded receipts being compared with the treasurer's books and with the records of the several departments collecting money for the town; and the disbursements were checked with the warrants approved by the selectmen and with the treasurer's books.

The ledger postings were checked with the books of original entry, the ledger accounts were analyzed and adjusted, and a balance sheet, which is appended to this report, was prepared, showing the financial condition of the town as of December 31, 1925.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were checked with the records in the several departments collecting money for the town and with the other sources from which money was paid into the town treasury; and the payments were checked to the warrants authorizing the treasurer to disburse town funds.

The payments of debt and interest were checked with the amounts falling due and with the cancelled bonds, notes and coupons on file.

The cash balance as of December 31, 1925, was verified by statements furnished by the banks. A reconciliation of the treasurer's cash and bank balance is appended to this report.

The books and accounts of the tax collector were examined, and the recorded receipts were checked to the payments made to the treasurer as shown on his books.

The commitments of taxes and special assessments were verified by the assessors' records, as were the records of abatements granted. The outstanding taxes and assessments were listed and reconciled with the accountant's ledger.

The commitments of departmental accounts receivable, namely, charges for moth, tree warden, health, public welfare and cemetery accounts, were verified, and the outstanding accounts were listed and reconciled with the accountant's records.

Tables showing a reconciliation of the taxes, assessments and departmental accounts receivable are submitted with this report.

The records of the water department were examined. The accounts receivable could not be readily audited, since the commitment sheets, wherein the various charges for

water and services were to be listed, were not kept up as originally installed in 1924, resulting in a variation between the detailed outstanding accounts receivable and the controlling ledger accounts. Arrangements have, however, been made for the reinstallation of the commitment sheets, which, when properly kept up, will greatly facilitate the proving of the various commitments and the reconciling of the outstanding accounts receivable.

The town clerk's records were examined, the records of appropriations, loan authorizations and transfers voted by the town being checked with the accountant's ledger accounts.

The surety bonds of the town treasurer, collector and town clerk were examined and found to be in proper form.

The investments of the several trust funds in the custody of the treasurer, library trustees and trustees of the Wadsworth Fund were examined, and the recorded receipts and expenditures of each fund were verified and checked to the accountant's ledger.

Summary tables showing the total of the funds at par, together with the transactions for the year, are appended to this report.

In addition to the departments and accounts mentioned, the cash receipts from other than committed accounts were checked to their source and verified by comparison with the treasurer's and the accountant's books.

For the courtesy and co-operation received during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDW. H. FENTON,
Chief Examiner.

REPORT

OF THE

SCHOOL COMMITTEE

AND OF THE

SUPERINTENDENT OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith as its main report the report of the Superintendent of Schools, to which it invites your careful attention.

The Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

Gifts

High School:

Picture of Washington and Picture of Lincoln — Class of 1925
The "H" Book of Harvard Athletics 1852–1922 — Harvard Varsity Club
Drawing Instruments — Miss Catherine W. Faucon

Belcher School:

Stereopticon lantern — Belcher School Association

Tucker School:

Plants and vines for window boxes — Mr. William Farrell

Estimates for 1926

After careful consideration of the estimated cost of maintaining the schools during the year 1926, your Committee recommends the appropriation of $216,620. The Committee further recommends a separate appropriation of $600 for tuition charges in state-aided trade and industrial schools.

Respectfully submitted,

HENRY W. B. ARNOLD, *Chairman*
HAROLD B. GARLAND, *Secretary*
GEORGE Y. BADGER
ELMER P. FLETCHER
GEORGE F. MOULTON
HARRIET WHITTIER

MILTON, MASSACHUSETTS, January 19, 1926.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of the Town of Milton:

Looking Toward the Future

The annual Town meeting of March, 1925, upon request of the School Committee, authorized the Moderator to appoint a committee of five citizens to consider the acquisition of land for future school purposes and report thereon not later than the next annual meeting.

The increasing appreciation of the attractions of Milton as a place of residence, together with the extension of the rapid transit service, placing our Town within a few minutes of the shopping and business sections of Boston, are bringing about a very rapid increase in the population of Milton.

The development of large areas of vacant land makes it imperative that the Town should act promptly in securing school sites for the future or be prepared to pay dearly for improved property. The appointment of this committee is, therefore, especially timely and their report will mean much to the economic and the educational interests of Milton.

Population Growth

The Massachusetts census of 1925 shows that in the five years from 1920 to 1925 Milton's per cent of increase of population, namely, — thirty-six per cent, was greater than that of any other city or town except one.

This growth is fully reflected in the enrollment of our schools, as shown by the following figures:

Enrolled in public schools of Milton, January, 1921	1,553
Enrolled in public schools of Milton, January, 1922	1,603
Enrolled in public schools of Milton, January, 1923	1,723
Enrolled in public schools of Milton, January, 1924	1,818
Enrolled in public schools of Milton, January, 1925	2,003
Enrolled in public schools of Milton, January, 1926	2,200

During these five years, then, there has been an increase of six hundred fifty pupils, about forty-two per cent. Of these six hundred fifty pupils, two hundred have entered our schools the past year.

Increase of school accommodations will continue to be a pressing necessity. Additions to present buildings and new construction should all be in harmony with a comprehensive plan carefully worked out to meet the future needs of the town as a whole.

High School Accommodations

A year ago attention was called to the immediate need of an addition to the High school building in order to avert a sacrifice of the educational interests of the High school and the Junior High school by reason of overcrowding, it being predicted that September of 1925 would show a total enrollment in that building of 825 to 850, whereas the normal capacity of the building is but 700. The accuracy of the estimate appears in the fact that 846 pupils were enrolled at that time.

At the annual town meeting last March the Town appropriated the sum of $200,000 for the erection of an addition to the High school building. In accordance with the same vote, the Moderator appointed the following Building Committee: Ernest E. Erickson, Elmer P. Fletcher, Olaf Olsen, Arthur H. Tucker, and Joseph A. Ewart. The Committee organized at once by the election of Mr. Erickson as Chairman and of Mr. Ewart as Secretary. Kilham, Hopkins & Greeley, the architects of the rest of the building, were immediately engaged as architects of the addition, plans were prepared, bids secured, and contracts awarded, so that construction was begun in June. Under the agreement with the contractors that portion of the addition that immediately ad-

joins the present building was completed during the summer vacation, thus providing space for four classes and avoiding the necessity of sending them to other buildings or putting the schools on a two-shift plan, both of which courses would have meant a distinct loss to the schools.

This new construction, in addition to sixteen rooms for recitation purposes, will provide a second gymnasium, thus making it possible to conduct classes for boys and girls simultaneously without interference. As the new gymnasium adjoins the present one, the two can be thrown into one for large class or track uses. There is also a room on the third floor over the new gymnasium to be used as a library and music room for large classes and the orchestral rehearsals. Additional locker rooms for both boys and girls, additional toilets, and increased wardrobe space are provided. An addition in the rear of the assembly hall will serve as a cross corridor and will relieve congestion at the front of the building. On the ground floor is provided a much needed addition to the lunch room. With the completion of the building the offices of the School Department will be located on the ground floor at the northwest corner of the new portion. The present offices facing the main entrance of the building will become the offices of the principal of the building. By the construction of a much larger stack, the attachment of a blower to each boiler, and the installation of a vacuum system in the present building as well as the new part, the capacity of the present heating plant has been increased sufficiently to heat the entire building.

The other features of the addition will be seen in a study of the accompanying floor plans and the perspective of the Brook Road side of the building.

The completion of this work will increase the capacity of the building by over five hundred pupils and will provide for the needs of several years. This will enable us to turn our attention now to the elementary school demands.

Elementary School Accommodations

While all the elementary schools except the Vose have shown an increased enrollment, it has been particularly large in the Tucker and the Belcher schools. The rapid growth in Mattapan and in East Milton will soon force to the front the question of additional school facilities in those sections. A year ago I suggested that consideration be given at the proper time to the erection of a new building east of Blue Hills Parkway instead of enlarging the Tucker school, in order to eliminate the necessity of crossing main thoroughfares. A similar condition exists in East Milton. Brook Road, Adams Street, Granite Avenue, East Milton Square, and the New Haven Railroad crossing are a daily menace to nearly half the children attending the Belcher school. Any plan of relief should, therefore, give careful consideration to the elimination of this danger. At the same time, further addition to the Belcher school, a wooden building on too small a lot, is not to be considered.

It is not necessary to ask that the annual Town meeting of March, 1926, be requested to make any appropriation for the construction of any school building, but it should protect the interests of the future by authorizing the purchase of land that will very soon be required for new schools.

Vacant School Buildings

The Town meeting of 1925 accepted from the School Committee the Thacher school building as no longer needed for school purposes and gave it into the custody of the Board of Selectmen, who have provided for its use by certain departments of the Town and by Milton Post of the American Legion.

No provision, however, was made for the disposal of the Houghton school building on Hillside Street. For nearly four years this building has not been used. Located at the extreme edge of the district upon a lot barely large enough to accommodate the building itself, it can only be a source of expense to the Town. The School Committee should not be expected to divert from necessary school uses the money required to keep in repair a building that will not fit into any plan of school organization.

Again I recommend that the School Committee be relieved of the responsibility for the Houghton school property.

A Suggested Plan for the Future

In determining the locations of the schools of the future, especially of elementary schools, the necessity of crossing main thoroughfares should be reduced to a minimum. So far as possible, elementary school districts should be laid out on a radius of a half-mile.

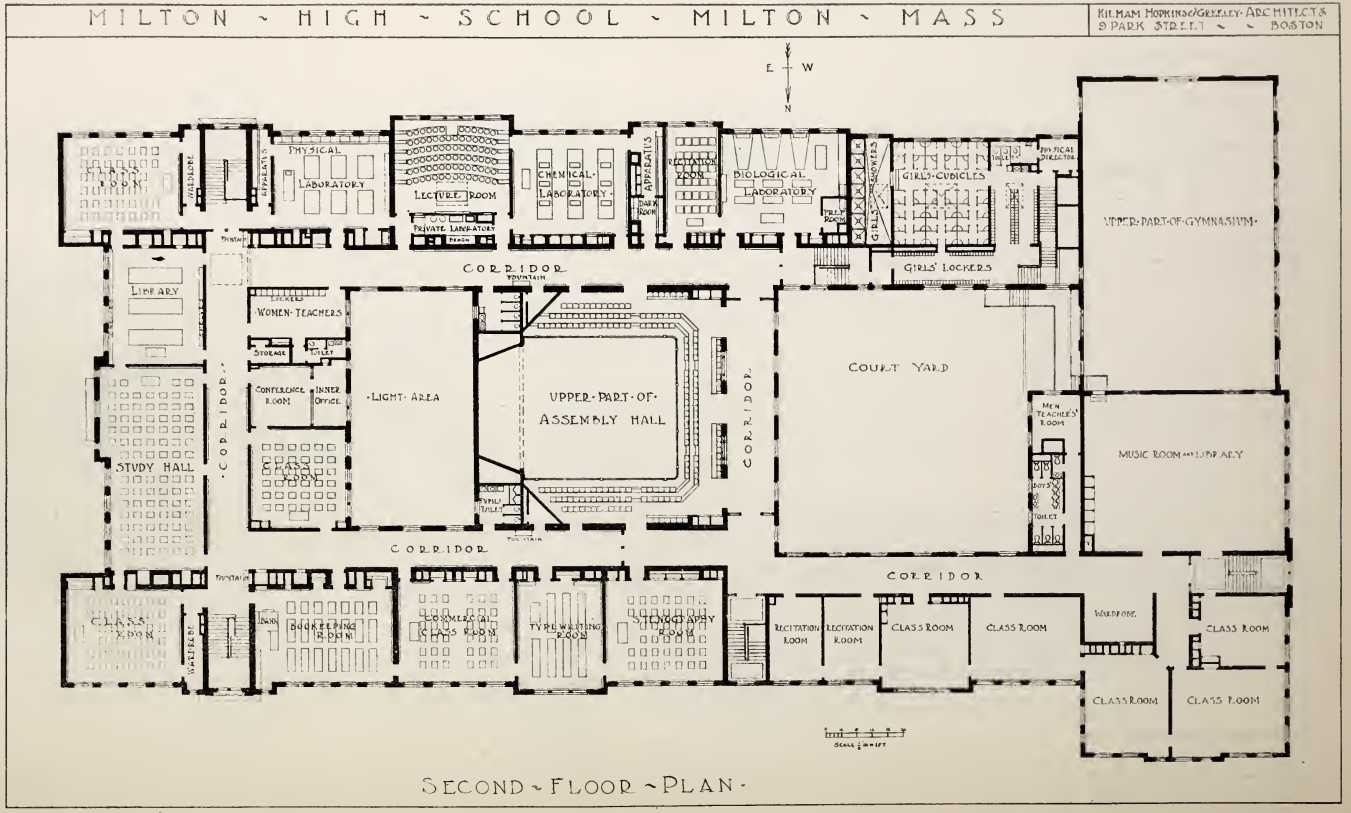
FIRST ~ FLOOR ~ PLAN



SECOND ~ FLOOR ~ PLAN

In applying such a plan to Milton, the Tucker and Vose schools, together with the Belcher school eventually replaced by a modern building, would be found to be well located. Provision should be made for a new building in the Eliot Street section, to care for the pupils east of Blue Hills Parkway, now attending the Tucker school, and also the pupils of the present Glover school, a wooden building upon a lot of wholly inadequate size and one that cannot be enlarged except at great expense. To care for the pupils west of the railroad in East Milton, avoiding the dangers previously referred to, a new building should be erected in the Edge Hill Road and Pleasant Street section, to include the pupils of the Wadsworth school. This latter building is also a wooden building, upon a small lot, and is not well located to meet future needs.

These five buildings would meet the requirements as laid down above, covering the entire Town except the Randolph Avenue and the Blue Hill Avenue sections, for which school-locations can be chosen as need arises.

There should be two junior high schools, one providing for the pupils east of Randolph Avenue and the other those west of Randolph Avenue.

One senior high school will be adequate for the town for many years.

The present High school building may well be considered for either the high school or for the western junior high school.

None but fire proof buildings should be erected and for the elementary buildings the Tucker school may well be considered a good type.

The provision of these buildings, distributed over a period of years and built somewhat in advance of needs, and so constructed as to be easily capable of addition, should give to Milton a practical system for an indefinite time.

The working out of a comprehensive plan is altogether in the interest of economy and efficiency.

Repairs

The exterior of most of the buildings is in reasonably good condition but much ought to be done in the way of interior painting and refinishing. It was planned to make a beginning upon this work the past summer, but at the urgent request of the Warrant Committee of 1925 this work was deferred. This with the postponement of the meeting of other needs made it possible for the School Committee to consent to a reduction of its appropriation for the current year. These needs, however, must be met this year.

After the close of school in June all the school boilers are subjected by the inspectors of the insurance company to a thorough examination, which is impossible while they are in operation. This examination the past summer disclosed the necessity of making radical repairs on the High school boilers. As this work could not be postponed, careful estimates of its cost were obtained and the Warrant Committee, in view of the emergency, transferred to the use of the School Committee from the Contingent Fund the sum of thirteen hundred dollars.

The inspectors also stated that the boilers in the Vose school, which have been in use for thirty years, are in such condition as to require that they be replaced in 1926. As a result, the School Committee has had a study made of the whole question of the heating and the ventilating of the Vose building and is asking for such a sum as will meet this requirement of the insurance company and will at the same time make this plant practically a modern one. With these changes this building will be in excellent condition except for interior painting.

If the growth of the Wadsworth district requires the use of the room now vacant, the furnaces will have to be replaced at once. Likewise the reshingling of the building cannot long be deferred. In view, however, of the possibility that this building may not long be needed, considerations of economy dictate that a minimum outlay be made upon it.

Attendance

Many parents, by permitting and excusing avoidable absence and tardiness, often for the most trivial reasons, are inviting failure on the part of their children, for which they may later criticize the schools. Such parents would not expect their boys to bring home a full pay envelope after missing a day's work in a shop. Yet the loss of a day in school is usually more serious, because of the fact that to a large extent success in one day's work is dependent upon performance of the work of the previous day.

School attendance is prescribed by law in the interest of the children. Parents may not legally use school time for work and pleasures that will interfere with such attendance. Most parents appreciate the sound reasons back of careful inquiry about

absence or tardiness and are glad to co-operate, but there are still enough who are indifferent or worse in their attitude to constitute a serious problem.

Such absence affects unfavorably not only the pupil involved, but also the rest of his class. Absence is destructive of the interests of the absentee and wasteful of the resources of the school.

Retirement of Principal

At the close of the school year in June Miss Julia M. Gordon, principal of the Glover school, was retired upon pension at her request.

Miss Gordon, after graduating from the Milton High school and the Quincy Training school for teachers, began her teaching in the schools of Bourne, Massachusetts, where she remained three years. She then came to Milton as the principal of the South school, later called the Houghton school, beginning her service there in 1886. In 1897 she was transferred to the principalship of the Glover school.

Her thirty-nine years in our schools will exert an ever-widening influence upon our town through the lives of those who as her boys and girls have come into close contact with the high ideals that characterized Miss Gordon in both her teaching and her practice.

Health Interests

In November, 1911, Miss Sydney Clarke began her service as School Nurse in our schools. In September of 1925 she resigned to pursue a special course of study in New York in preparation for social service work. During her years of service, including the particularly difficult period of the war, Miss Clarke unfailingly met the exacting requirements of her position, winning and retaining the confidence and co-operation of all with whom she came in contact.

The vacancy caused by the resignation of Miss Clarke was filled by the election of Miss Anita French of Boston.

The physical examinations of all the pupils were made as usual at the opening of the school year. In all the schools the work has gone steadily forward in the correction of physical defects disclosed by these examinations. Particularly successful has been the work in the correction of bad posture. Many are the children who can look forward to a far stronger physical life because of the work done for them in the Milton schools.

I wish to commend the fine work being done on the summer playgrounds under the direction of the Park Commission, as well as at the Cunningham Park under the direction of the Cunningham Trustees. One whose judgment is to be respected because of wide knowledge of playgrounds throughout the state recently stated to me that in their administration the Milton playgrounds are considered among the best.

Where our smaller children shall play is becoming a problem of grave importance. With vacant land fast being built upon and with the rapidly increasing volume of traffic through our streets, careful consideration must be given to this question or the lives of some of our little children may be the forfeit. Every school building should have a generous sized playground which will be available for the use of these smaller children out of school hours, without annoyance to neighbors or danger to themselves.

Consolidation of Principalships

With the resignation of the principals of the High school and the Junior High school at the end of the school year, the School Committee unanimously decided to combine the two principalships in the interest of educational efficiency as well as of economy.

Under this plan the two schools continue their independent organizations, each having its own distinct corps of teachers, its own program of work and recitations, and utilizing the special facilities without interference with the other school. At the same time the single principal has undivided responsibility for the building and is in a position to co-ordinate most effectively the educational and the administrative interests of both schools.

The Automobile Problem

The rapid increase in the number of automobiles using our highways, together with the fact that Milton is directly in the path of most of the traffic going south, presents an exceedingly difficult problem to us. Everywhere the soliciting of rides by children has become a nuisance to automobile drivers and in many cases a serious physical and moral menace to the children themselves. The Eastern Massachusetts Street Railway runs special school cars morning and afternoon between East Milton and the High school. The uncertainty and the reduction of patronage of these cars because of begging

rides has raised the question of the continuance of this service. Withdrawal of these cars would be embarrassing to the pupils from East Milton, but the Street Railway has a right to expect reasonable and steady patronage.

In order to safeguard the Milton children the School Committee at the beginning of this school year adopted a stringent rule forbidding the soliciting or acceptance of rides by pupils on the way to or from school except in cars approved by their parents. The unanimous endorsement of this action of the Committee by the several Parents' Associations and by others is most gratifying and shows an appreciation of the spirit that prompted this rule.

There is another side to this danger from the automobile that should not be overlooked. The Board of Selectmen this year built a sidewalk along the Brook Road side of the High school and also a concrete walk on the Central Avenue side. This makes it possible for pupils now to keep out of the path of automobiles at that point. Many of the pupils of the High and the Junior High schools on pleasant days walk to East Milton. For only a very small part of that distance is there a sidewalk. Thus they are constantly forced into the roadway. For most of the distance a sidewalk could be provided at comparatively small expense. I would urge that this danger be carefully considered and as far as possible eliminated by the construction of such a walk.

The Task of the Junior High School

The task of the Junior High school is to discover and develop the interests and abilities of the different pupils so that their later study, whether in the High school or elsewhere, shall be intelligently and successfully carried forward in the direction of making them successful, respected, and self-respecting members of the community.

That pupils differ widely is beyond the need of argument. In the Junior High school must be given the opportunity to test them under varying conditions and with a variety of work, in order that their particular lines of strength may be disclosed to them.

The various club opportunities afford a means of bringing out special interests; the assemblies and the home room activities provide occasions for demonstrating qualities of leadership and also assuming of responsibilities; the special electives chosen give close touch with those who have similar subject interests; the alphabetic assignment to home rooms without regard to electives brings together pupils representing all the various electives. Each of these groupings has a definite and a different purpose, all of them combining to reveal the pupil to himself and to his teachers in many relationships. In this way he can be more intelligently assisted in choosing the particular direction that his study in the High school should take. In other words, all these characteristics of a good junior high school have a very definite and valuable part to play in his education and make the junior high school the real adjustment school. They do not replace but they re-enforce the subjects of study and make possible a higher level of accomplishment because those subjects are thus more intelligently chosen.

I wish that all parents would visit the schools oftener, particularly the Junior High school. The interests of the children require the most complete co-operation between parents and teachers in order that full advantage may be taken of the opportunities of the Junior High school in determining right choices.

Grouping by Ability

As the enrollment of our schools increases, it gives us the opportunity to follow the practice that is universal in the best schools, of grouping pupils of different abilities in such a way that each child will be enabled to advance at the rate best suited to him. No one now attempts to defend the lock-step in education by which all pupils go forward in the same course and at exactly the same speed. The slower pupil is embarrassed and discouraged far more than he is stimulated by being in the class with the quicker pupil. It ought to be perfectly apparent also that we are unjust if we hold the quicker child down to the speed of the slower one; there is no surer way to establish habits of idleness and unrest than thus to give opportunities of wasting time.

Recognition of the fact that children differ does not involve the question of superiority or inferiority. The school should so group pupils that each and every one shall be placed in the position in which he can work according to his own ability and in which he can succeed, for the confidence that comes with success is one of the greatest of all driving forces. As our schools increase in size, this principle can be more and more effectively applied to the greater advantage of all the children.

Growth of Kindergartens

It is most gratifying to observe the growing appreciation by parents of the value of the kindergarten. Almost every child now entering our first grade has had the kindergarten training. This is making our first grade work more effective. In fact so many have applied for admission to the kindergarten that it has been necessary to adhere strictly to the age requirement that no child shall be admitted who will not be five years old before the first of the following January. As new pupils are admitted only in the month of September, parents should not fail to have them enrolled on the first days of the school year.

Courses of Study

The educational thought of the whole country is engaged in the effort to determine the content of the courses of study that should be provided in order to give to the schools the greatest value in preparing for the rapidly changing demands that our boys and girls will have to meet tomorrow. Never has there been a more earnest study of this question by teachers than at the present moment. An unusually large number of our teachers are taking professional courses in Boston and elsewhere out of school hours and are studying progressive educational methods and practice. In the elementary schools the principals and teachers have been at work for several weeks with the Superintendent in a consideration of the fundamental subject of reading. The other subjects will then be taken up in turn.

A similar study is being made in the High and the Junior High school subjects.

No-School Signals

Probably the most hopeless task of a Superintendent of Schools is his attempting to satisfy every one in his use of the no-school signal. To forecast New England weather accurately is much more difficult than to criticize the forecast afterwards.

The signal at 7.15 applies to all schools for the entire day. This is the only signal that affects the High school and the Junior High school and will rarely be used.

The signal at 7.30 omits the sessions of the grades below the Junior High school for the day. The signal at 11.40 omits the afternoon session for these grades.

Parents are expected to know the physical condition of their own children and to exercise their judgment in the matter of sending them to school if the signal is not sounded. At the same time children who are perfectly able to attend school should not be allowed to shirk their responsibility for the day.

In an increasing number of communities sessions are never omitted but the regular work is carried forward for all who are able to attend. There is much in this plan to commend it.

Continuation and Trade Schools

The Massachusetts law requires part-time attendance at a continuation school by children between the ages of fourteen and sixteen who are regularly employed. As most of our employed children are at work in Boston, they attend such schools in that city. Formerly this was without expense to Milton. By a recent law communities not maintaining continuation schools of their own are required to pay for the tuition of their children attending elsewhere.

Residents of the town who are over fourteen years of age are permitted by the law of Massachusetts to attend trade or industrial schools elsewhere. The tuition of these students must be paid by the town.

The amount of the tuition charges of continuation and trade schools is constantly increasing and now constitutes an item of considerable size in our school appropriation.

Americanization Class

There are constantly coming to our Town those who have but a limited knowledge of English and would, therefore, be materially assisted by the work of the Americanization class. This meets every Tuesday and Thursday evening from October to April from seven to nine o'clock in the Vose school. Its object is to give to newcomers to our country and to others of little school training such a knowledge of our language and ideals of citizenship as will fit them to become intelligent and worthy American citizens. This is the only evening class maintained in our schools.

Any who may know of those who would be helped by this class will render them a service by calling it to their attention. Admission is free to residents of Milton.

School Savings

Just a year ago the Educational Thrift System of school savings was established in all our schools in co-operation with the Mattapan Branch of the Federal National Bank. That the habit of saving is being encouraged and established is shown by the fact that at the end of the first year the amount on deposit to the credit of our pupils is over $16,000.

Co-operating Associations

It is fitting that we should express our appreciation of the interest and co-operation of the Belcher School Association, the Tucker School Association, the Vose School Association, the Milton Education Society, and the Milton Woman's Club. Their reception to the new teachers of Milton has become an annual event of much significance. We value highly what they are doing in other ways also in support of our schools.

College Scholarships

It is perhaps not generally known that scholarships are available to graduates of our High school who are attending Harvard or Massachusetts Institute of Technology. Each year Milton boys have enjoyed the benefit of this assistance in securing a college education.

Conclusion

No brief report can be an adequate statement of what is being done in Milton's largest industry, its schools. In behalf of those charged with responsibility for our schools, all of whom are endeavoring to make them the best, I would extend a cordial invitation to all parents and other citizens to visit them frequently and by your active interest and co-operation join in making them the most effective instruments possible for training our boys and our girls for the best citizenship.

Respectfully submitted,

JOSEPH A. EWART,
Superintendent of Schools.

January 5, 1926.

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

Section 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September.

2. Tuition Pupils

Section 69. Tuition fees at the rate of $125 (One Hundred Twenty-five Dollars) per year in the High school, $100 (One Hundred Dollars) per year in the Junior High school, and $75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Superintendent of Schools at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

3. No-school Signal

Section 61. The signal 2-2 sounded four times on the fire alarm at —

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no school sessions for all schools below the Junior High school for the entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High school. This signal will not be sounded if the 7.15 or the 7.30 signal has been sounded.

STATISTICS OF CLASS OF 1925, MILTON HIGH SCHOOL

Total number of pupils in class of 1925 — 81

	Boys.	Girls.	Total.
Colleges	15	9	24
Normal schools	–	1	1
Other higher institutions	2	13	15
Graduate course, Dorchester High School	–	1	1
Total in schools or colleges	17	24	41
In business positions	13	23	36
At home	1	2	3
Abroad	–	1	1
	31	50	81

The wide distribution of our students of this class in higher institutions may be seen from the following list:

Boston University	5	Gibbs' Secretarial School	1
Northeastern University	6	Boston School of Physical Education	1
Bridgewater Normal School	1	Sargent School	1
Wentworth Institute	1	Lasell Seminary	1
Bentley School of Accounting	1	Miss Leslie's Kindergarten School	2
Radcliffe College	4	Simmons College	2
Boston College High	2	Emerson College of Oratory	1
Yale University	1	Bryant & Stratton Business College	1
Springfield College	1	Nursing	2
Bowdoin College	1	P. G. Course Dorchester High School	1
Dartmouth College	1	In business	36
Chandler Secretarial School	4	At home	3
		Abroad	1

During the year 1925, 102 requests for pupils' service have been received. These have been for assistance in positions as follows:

Assisting Mothers	Stenography
General Housework	Forestry Department
Clerical Work	Insurance
Chores	Leather Business
Dental Clinic	Shipping Office
Table Service	Drug Store

Whole number in class of 1925	81
Whole number in class of 1925 at work	36
Number placed by help of Advisory Bureau	22
